Estimates & Reserves

We have placed an estimate on each lot. This estimate is our conservative opinion as to what we feel the lot may realize. Prices realized may be higher or lower depending on wholesale and retail market conditions at the time. Where non-published reserves exist, the auctioneer may make bids in response to others. Consignors are not permitted to bid on their own lots from the floor. R. M. Smythe reserves the right to include our own material in this auction as well as to bid on any item in this sale. R. M. Smythe & Co. has advanced money (where requested) to consignors and in addition has agreed to advance money to purchasers who have established credit in advance.

CONDITION TERMINOLOGY FOR PAPER

Gem Unc. (Gem Uncirculated) - The perfect uncirculated item, clean, bright, vivid, crisp (where paper permits), well-margined, unimprovable, without folds.

Choice Unc. (Choice Uncirculated) - A lovely uncirculated item, having only a hint of aging or unevenness of the margins, face or back, or narrow margins which take it out of the "Gem" class.

Unc. (Uncirculated) - As made or issued, but margins may be poor, the item lightly aged, with border trimming.

Choice AU (Choice Almost Uncirculated) - Essentially a mishandled uncirculated item with deficiencies like a corner fold, teller counting smudge or count wrinkling.

AU (Almost Uncirculated) - There is one fold, a teller counting smudge or counting wrinkling present.

EF (Extremely Fine) - An item which may, at first glance, look uncirculated, but which has several petty folds, or a hard crease down the center perhaps with corner folds. Crisp, bright, vivid and pleasing, the paper as made, permitting.

VF (Very Fine) - Typically an item marked by moderate quarterfolds with perhaps a few other signs of handling. Should be clean, not seriously aged, torn, or pinholed.

F (Fine) - The last grade of an item in which the paper still has body. The folds are numerous and the design is beginning to show signs of soiling wear.

VG (Very Good) - A well-circulated item, complete, unimpaired except for petty tears and splits, pin holes, some surface splitting along heavy folds and soiling.

Good - An even more heavily circulated item with body holes, petty tears and splits, very soiled and tired, scarcely legible.

Fair - Heavily worn, split, holed, up to 10% gone, legibility seriously impaired.

Poor - A mere remnant, tattered and torn, scarcely readable with typically more than 10% of its surface area gone.

Abt (before a grade) - A shade below the grade it precedes.

Plus or + (following a grade) - A shade better than the grade.

VF-EF (hyphen between grades) - The grade is about halfway between the two grades shown.

VF/Good (slash between two grades) - Face and back are two different grades. The grade preceding the slash is for the face. The grade following is for the back.

SOCIETY OF PAPER MONEY COLLECTORS

HISTORY

At the 1960 A.N.A. Convention in Boston, a small group of paper money collectors met informally and agreed that a regular organization would be desirable. During the next year, an organization was formed comprising collectors of tokens, medals and obsolete paper money. At the 1961 Atlanta A.N.A. Convention, it was decided to withdraw from the tokens and medals group and organize separately into the Society of Paper Money Collectors. In June 1964, the Society was incorporated as a non-profit organization under the laws of the District of Columbia.

OBJECTIVES

1. Encourage the collecting and study of paper money.
2. Cultivate fraternal collector relations with the opportunites for discussion, trading, etc.
3. Furnish information and knowledge from experst in various fields, particularly throught the Society's Paper Money Magazine.
4. Encourage research and publication about paper money.
5. Promote interest in the hobby of numismatics.
6. Encourage educational exhibits about paper money.
7. Promote education about current market valuations.

MAGAZINE

The Society's magazine, *PAPER MONEY*, is published six times a year and is sent to all members. It contains informative articles about various paper money collecting interests and lists new members and their collecting specialities.

BOOKS

The Society maintains an active book publication program on the obsolete currency of various states.

MEETINGS

The Society is affiliated with the American Numismatic Association and conducts a regional meeting at their annual convention. The Society holds meetings at other regional events and cosponsors a number of major paper money conventions each year.

MEMBERSHIP

Anyone interested in supporting the objectives of the Society is eligible for membership. Applicants should be sponsored by a current member, or the Secretary will sponsor new applicants who provide suitable references, such as dealers with whom they have done business.

St. Louis Paper Money Auction

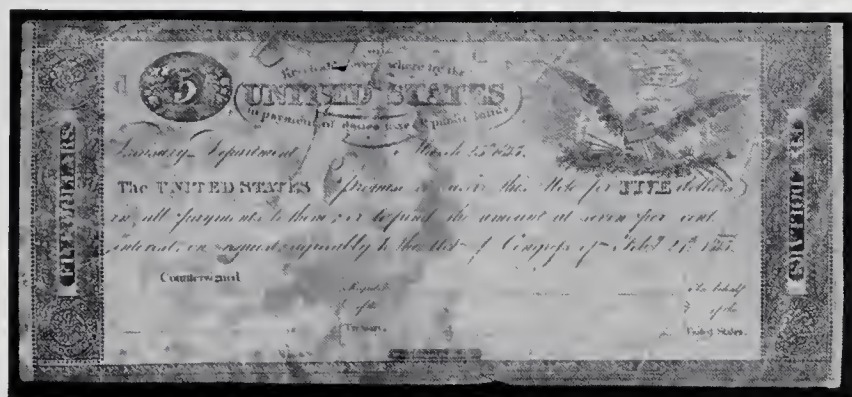

Public Sale #170 - Lots 1001 - 1701

Saturday November 15, 1997 7:00 PM(CST)

The King James Room of the
Ramada Henry VIII Hotel
St. Louis, Missouri

Large Size Federal Currency

Rare War of 1812 Note

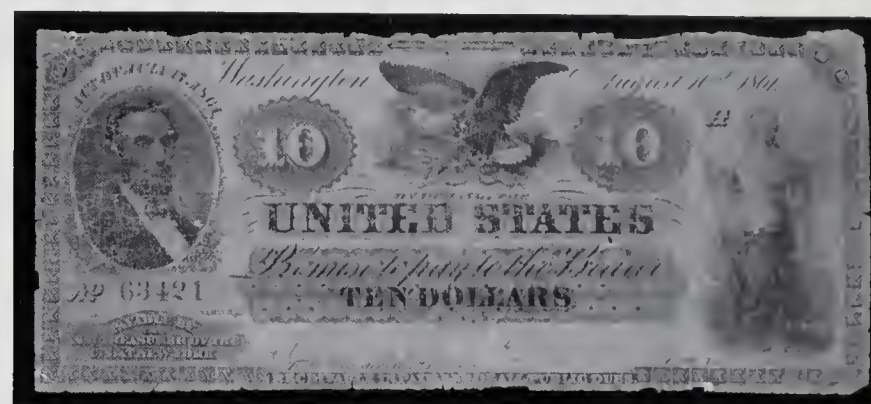

- 1001 \$5. 1815. Act of February 24, 1815. Very Fine in terms of wear, but the left half is quite soiled. Hammer cancelled at the top. An unsigned remainder, as are all known. The first federally backed circulating paper money of the United States, and becoming much harder to find as more collectors learn about this fascinating and little known area.
(\$500-800)

Demand Notes

- 1002 \$5. 1861. Demand Note. Fr.1. No.60045, Series 3. Fine to Very Fine, with some pinholes at the left. Good color, with sharp clear signatures.
Ex Stack's sale of the James W. Thompson Collection, October 17, 1990, lot 825.

Scarce \$10 Demand Note

- 1003 \$10. 1861. Demand Note. Fr.6. No.63421, Series 2. Good. Well circulated, with somewhat tattered edges, but no damage. The signatures are light but legible.
(\$700-1000)

Legal Tender Notes

- 1004 \$1. 1862. Legal Tender. Fr.16. No.72559, Series 249. Choice Uncirculated. While the margins are not up to gem standards, the color is vibrant and the paper bright.
Ex Stack's September 10, 1996 sale, lot 3.
(\$600-700)
- 1005 \$1. 1862. Legal Tender. Fr.17a. No.58391, Series 15. Uncirculated, with some counting creases at the right, and rounded corners. The seal is slightly faded, and the bottom margin is trimmed slightly in at the left.
Ex Stack's March 15, 1995 sale, lot 832.
(\$600-700)

- 1006 \$1. 1869. Legal Tender. Fr.18. No.V2862852. **Choice About Uncirculated.** There is a sharp corner fold at the lower right, but the note is otherwise superb, with bright color and paper and good margins. A very pretty "rainbow" note for those willing to accept a single minor flaw. (\$500-700)
- 1007 \$1. 1875. Legal Tender. Fr.26. No.K4467839. **Choice Uncirculated,** fully gem but for the centering. Bright paper and bold color. (\$350-400)
- 1008 \$1. 1875. Legal Tender. Fr.26. No.K8383910. **Choice Uncirculated.** A gem but for the tight lower left margin. Bright paper, with a vivid red overprint. (\$350-400)
From the September 6, 1996 C.A.A. sale, lot 1103.
- 1009 \$1. 1917. Legal Tender. Fr.38. No.M9405776A. **Choice Uncirculated.** Tight at the top, but otherwise gem. (\$100-125)
- 1010 \$1. 1917. Legal Tender. Fr.39. No.N15798616A. **Choice Uncirculated.** Close at the bottom, but bright and crisp. (\$150-200)
- 1011 \$1. 1917. Legal Tender. Fr.39. No.T42428110A. **Choice Uncirculated.** Tight at the bottom, but otherwise gem. (\$175-225)

Pair of Low Number 1923 \$1 Legals

- 1012 \$1. 1923. Legal Tender. Fr.40. Low Number A432B. **Gem Uncirculated.** A lovely, fresh note. (\$300-400)
- 1013 \$1. 1923. Legal Tender. Fr.40. Low Number A234B. **Choice Uncirculated,** gem but for a tiny (1mm) brown spot in the close top right margin. A nice companion piece to the last, with the reverse serial number. (\$200-250)
- 1014 \$1. 1923. Legal Tender. Fr.40. No.A28363890B. **Gem Uncirculated,** with bright paper, a brilliant overprint, and nice original embossing. A difficult 20th century type to find in top condition. (\$250-350)

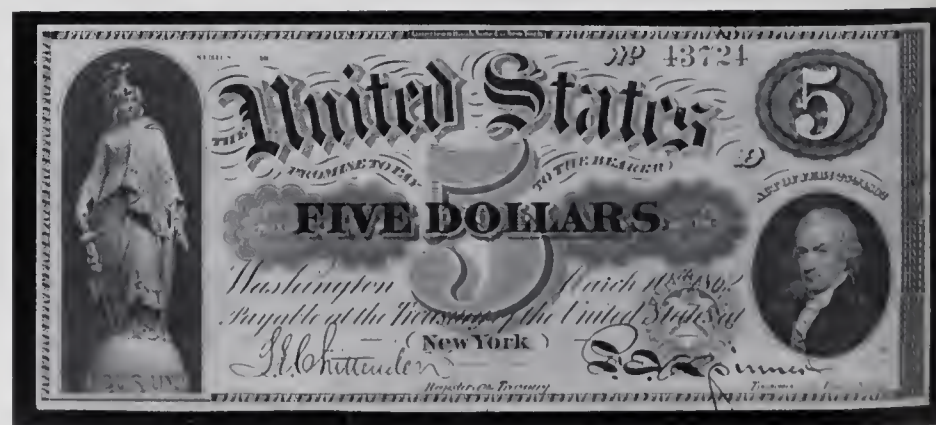

- 1015 \$2. 1862. Legal Tender. Fr.41. No.64209, Series 94. **Very Good.** A solid, evenly worn note, with a few pinholes. (\$125-150)

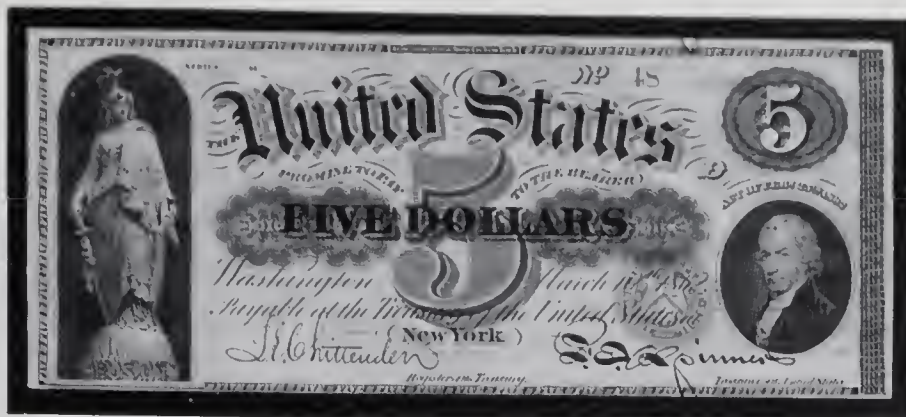

- 1016 \$2. 1869. Legal Tender. Fr.42. No.E504043. **Very Fine,** though it looks at least a grade higher on the face. Good color and margins, with just one small pinhole. The second denomination of the colorful "rainbow" notes. (\$450-550)
From the November 9, 1990 C.A.A. sale, lot 1062.

- 1017 \$2. 1878. Legal Tender. Fr.48. No.A1965906. **Uncirculated,** but with rounded corners and light teller handling signs, and the margins are not as full as one might like. (\$600-700)
- 1018 \$2. 1880. Legal Tender. Fr.56. No.A3221306. **Gem Uncirculated.** A superb note that looks like it just came off the press. (\$200-300)
- 1019 \$2. 1917. Legal Tender. Fr.57. No.A39015955A. **Uncirculated.** As fresh as the day it was printed, but trimmed slightly in at the bottom. (\$175-225)
- 1020 \$2. 1917. Legal Tender. Fr.58. No.A85069115A. **Choice Uncirculated.** Very tight at the top and bottom, but fresh and crisp. (\$125-175)
- 1021 \$5. 1862. Legal Tender. Fr.61a. No.3143, Series 82. **Choice Uncirculated,** and very close indeed to gem. Crackling fresh, with good margins. (\$1100-1400)

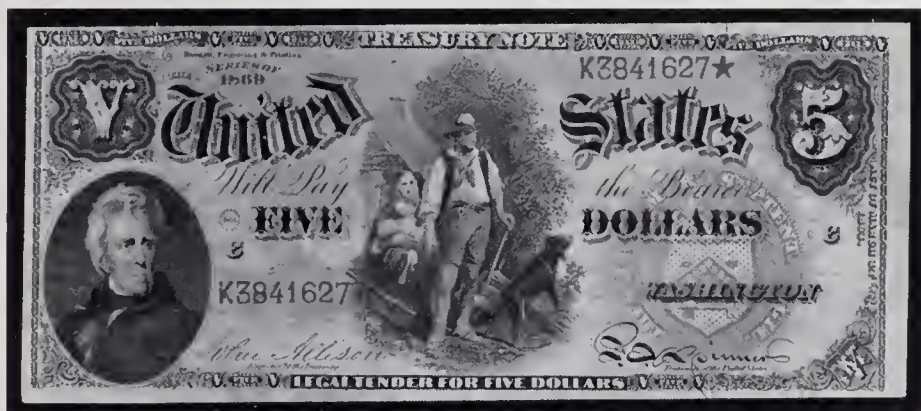

- 1022 \$5. 1862. Legal Tender. Fr.61a. No.43724, Series 50. **Choice Uncirculated,** virtually gem. The margins are small, but completely free of the engraving. (\$900-1100)

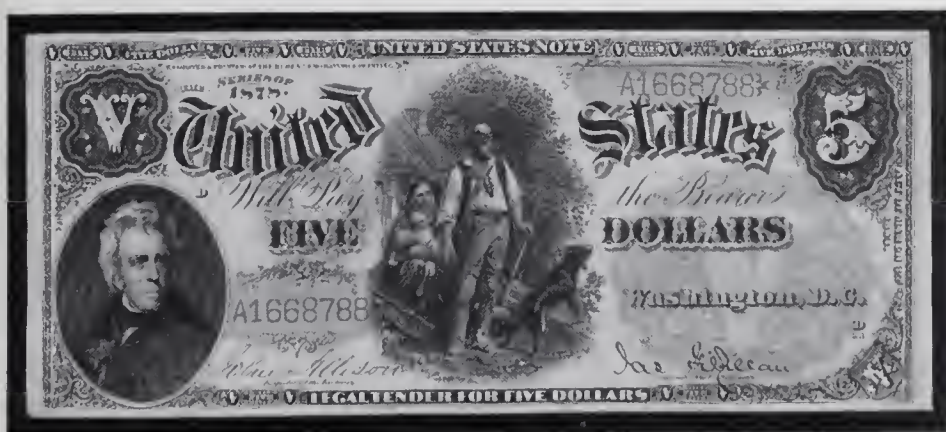

- 1023 \$5. 1862. Legal Tender. Fr.61a. No.48, Series 45. Choice Uncirculated. A bright, beautiful note that unfortunately was very tightly trimmed at the bottom. (\$900-1100)

- 1024 \$5. 1862. Legal Tender. Fr.61a. No.3141, Series 82. Choice Uncirculated. Like the last, a lovely note but for one bad margin, in this case the right side. The seal is a bit light, but the note is fully original. (\$900-1200)
Ex Bill Donlon's May 22, 1971 sale, lot 53.

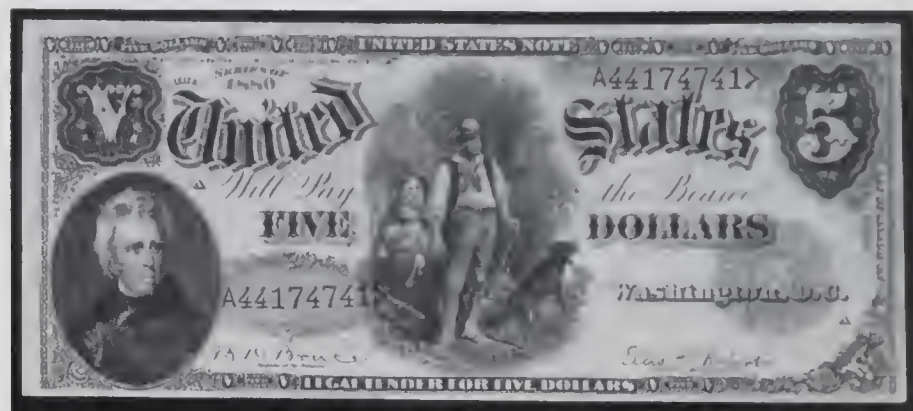

- 1025 \$5. 1869. Legal Tender. Fr.64. No.K3841627. Uncirculated, nearly choice. Irregular margins, with a short teller pinch at the left. Another of the very popular "rainbow" notes of 1869. (\$800-1000)
Ex NASCA's June 15, 1990 sale, lot 3421.

- 1026 \$5. 1878. Legal Tender. Fr.69. No.A1668788. Uncirculated or so. Good margins, but bent corner tips and slight fading keep it from a higher grade. (\$400-500)

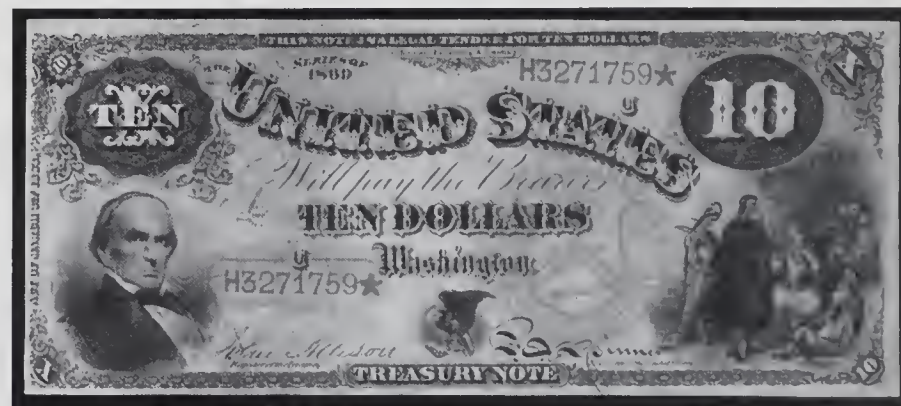

- 1027 \$5. 1880. Legal Tender. Fr.80. No.A33152282. Choice Uncirculated, very close to gem. The left margin has a pinpoint black spot, and there is a slight bit of teller handling at the right. Bright and crisp nonetheless. (\$325-375)
Ex Stack's March 15, 1992 sale, lot 900.

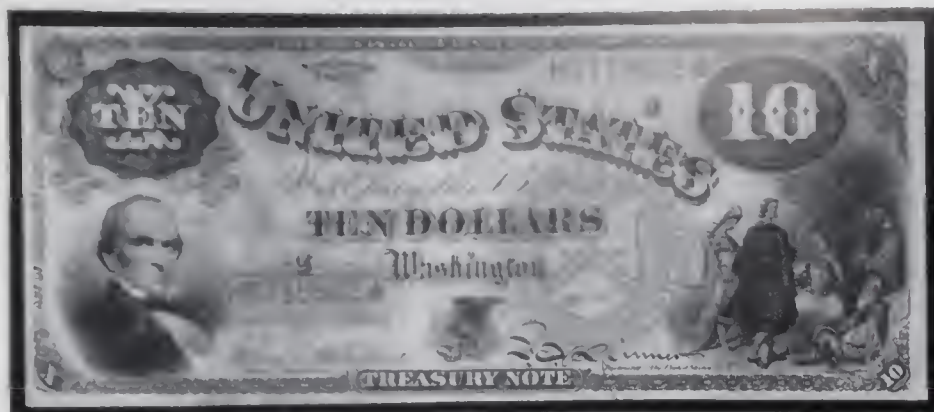

- 1028 \$5. 1880. Legal Tender. Fr.81. No.A44174741. Choice Uncirculated. Not perfectly centered, but bright and crackling fresh. (\$350-400)
- 1029 \$5. 1907. Legal Tender. Fr.91. No.M40596531. Choice Uncirculated. The margins are tighter than usual, but the note is fully gem in all other respects. (\$200-250)
- 1030 \$5. 1907. Legal Tender. Fr.91. No.K6692654. Choice EF, trimmed slightly in at the bottom. (\$75-100)
- 1031 \$5. 1907. Legal Tender. Fr.92. No.M48300047. Choice Uncirculated. Like the last, the margins are not quite what one might like. (\$225-275)
From Coin Galleries' April 15, 1992 sale, lot 3721.

- 1032 \$10. 1862. Legal Tender. Fr.93. No.12317, Series 28. Fine. Evenly worn, with a better appearance than usual for the grade. Tightly margined, with a light seal. (\$200-300)

Choice "Rainbow" \$10

- 1033 \$10. 1869. Legal Tender. Fr.96. No.H3271759. Choice Uncirculated. A particularly bright example of the popular "Rainbow" series. The green overprint, red seal and numbers, and localized blue anti-counterfeiting color make this one of the most colorful of all U.S. currency issues. A full gem if it weren't for the close left margin. (\$1750-2250)

- 1034 \$10. 1869. Legal Tender. Fr.96. No.H5718863. Choice Uncirculated. Another very attractive example of this colorful series. Not perfectly centered, but close to gem nonetheless. (\$1750-2250)

- 1035 \$10. 1869. Legal Tender. Fr.96. No.H7537052. Fine or a bit better, but with a short (3mm) split at the top, and a couple of small bald spots in the back margins, from adhesive removal. Nicer than it sounds, with good color and margins. (\$200-300)

- 1036 \$10. 1880. Legal Tender. Fr.113. No.A30636324. Very Fine or a bit better. Looks at least a grade better on the face, but the back shows the folds more heavily. (\$300-400)

- 1037 \$10. 1901. Legal Tender. Fr.119. No.E5060538. Extremely Fine, with a solitary tiny pinhole. Has a few light folds, but the clean, crisp feel of a higher grade will help it fit nicely in any type set. (\$550-650)

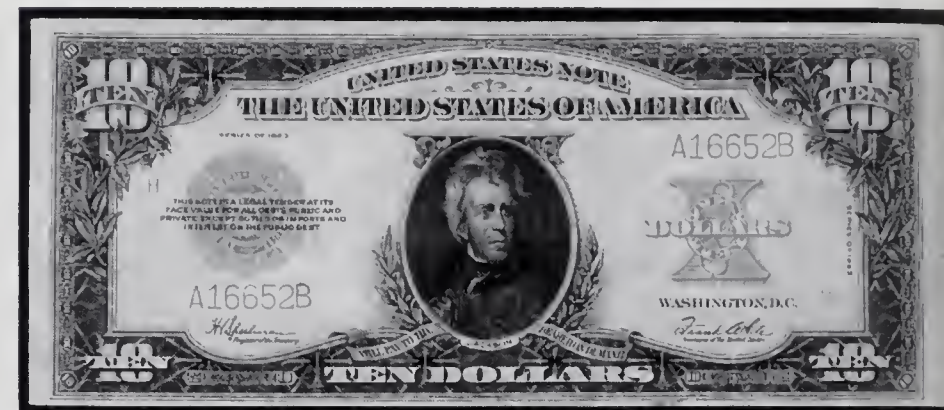

Very Attractive "Bison" \$10

- 1038 \$10. 1901. Legal Tender. Fr.121. No.E23511587. Choice Extremely Fine, with a close bottom right margin. The red overprint is particularly bright, but has bled through slightly to the back, from having been pressed at some point. A few very faint vertical folds can still be detected, but the note is still very attractive, and looks and feels Choice Uncirculated. (\$800-1000)

- 1039 \$10. 1901. Legal Tender. Fr.122. No.E44902741. Choice About Uncirculated, with just the faintest trace of an old center fold. Nice margins and bright color make this a lovely type note that looks and feels Choice Uncirculated. (\$800-900)

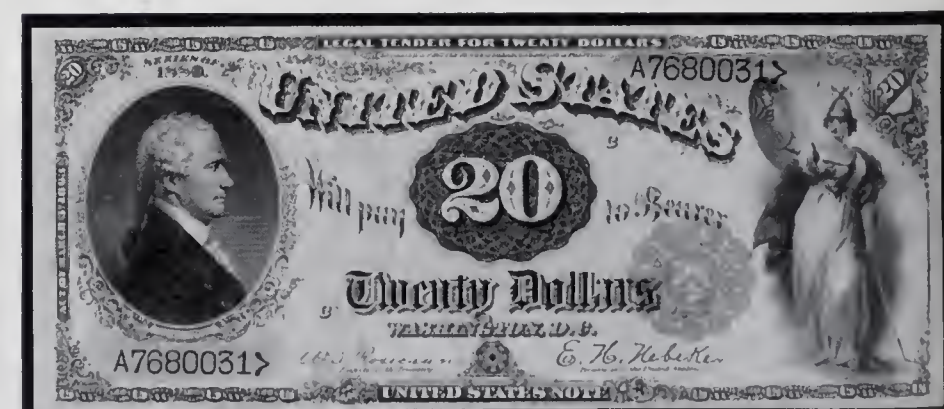

- 1040 \$10. 1923. Legal Tender. Fr.123. No.A16652B. Extremely Fine. A bright, crisp, clean example, with a short (3mm) split in the broad right margin. (\$800-1000)

- 1041 \$20. 1862. Legal Tender. Fr.124. No.43904, Series 6. Very Good from the standpoint of wear, but with a 1/2" x 5/8" piece out of the right side, crudely replaced and redrawn, and a few other edge repairs here and there. Still, quite a scarce note. (\$150-200)

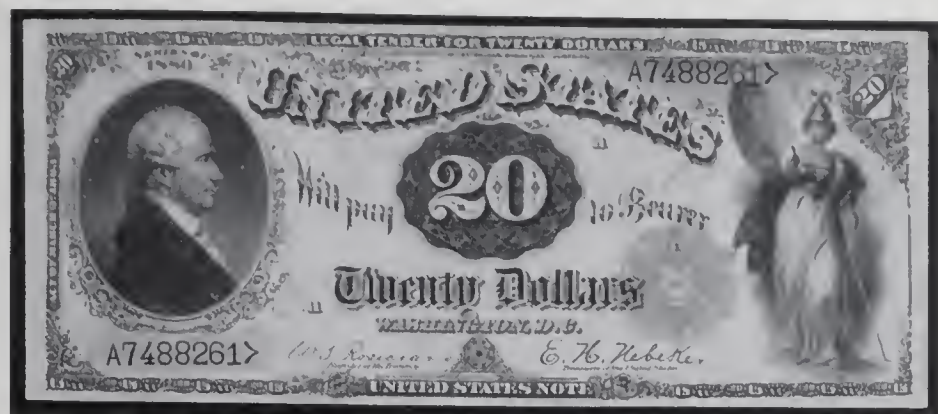

- 1042 \$20. 1863. Legal Tender. Fr.126. No.34526, New Series 12. Very Good, but with tight margins. Some counting soiling at the right end, with a couple of tiny central pinholes. (\$400-500)
From the September 6, 1996 C.A.A. sale, lot 1254.

- 1043 \$20. 1869. Legal Tender. Fr.127. No.A1392271. G-VG, with somewhat rough edges and a short split or two. Though this is from the famous "rainbow" series, the circulation soiling and toning have muted the colors somewhat. (\$250-350)

Gem 1880 \$20 Legal Tender

- 1044 \$20. 1880. Legal Tender. Fr.140. No.A7680031. Gem Uncirculated. A simply lovely bright, clean type note, and one of the more easily obtainable varieties of the type. (\$1500-2000)
From an original pack of Uncirculated notes (most of them very nice), traceable to Aaron Feldman and Thomas F. Morris, Jr. (son of the famous engraver) back in the early 1960's.

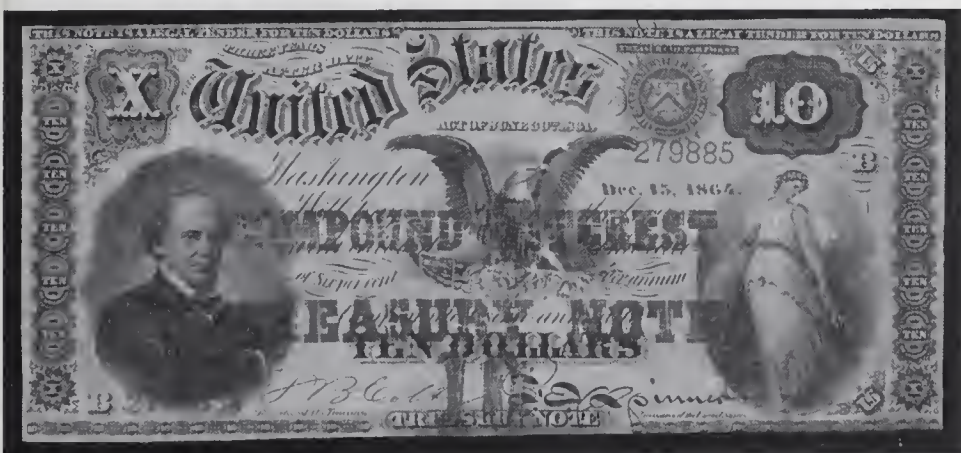

- 1045 \$20. 1880. Legal Tender. Fr.140. No.A7488261. Very Fine, with a couple of small pinholes. Has been pressed, but the margins are good and the overall appearance is quite nice. (\$300-400)
Ex Stack's March 15, 1995 sale, lot 934.

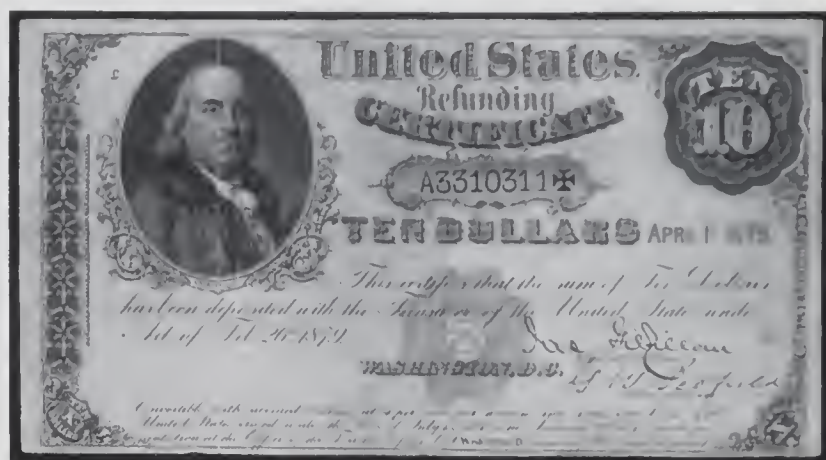

- 1046 \$50. 1880. Legal Tender. Fr.164. No.A905647. Very Fine. The face is quite nice, with good margins, but the back shows traces of a Chicago bank stamp at the right. A good type note, as it is one of only two \$50 Legal Tender Notes that could be classified as "common." (\$1750-2250)
- 1047 Legal Tender Type Group. \$1. Fr.39, 40; \$2. Fr.59; \$5. Fr.91. VG to Fine, with heavier than normal soiling, the last washed. [4] (\$100-125)

Compound Interest Treasury Note

- 1048 \$10. 1863. Compound Interest Treasury Note. Fr.190b. No.279885. Very Fine or so, with tight margins. A number of small edge problems and short internal splits have been extremely skillfully repaired, and are now virtually undetectable. The overall look is better than usual for the issue. (\$2000-2500)
From Lyn Knight's June 22, 1996 sale, lot 74.

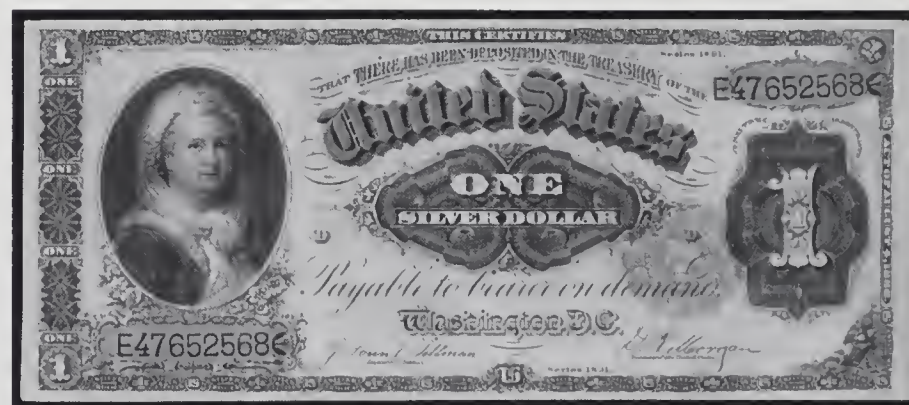

Refunding Certificate

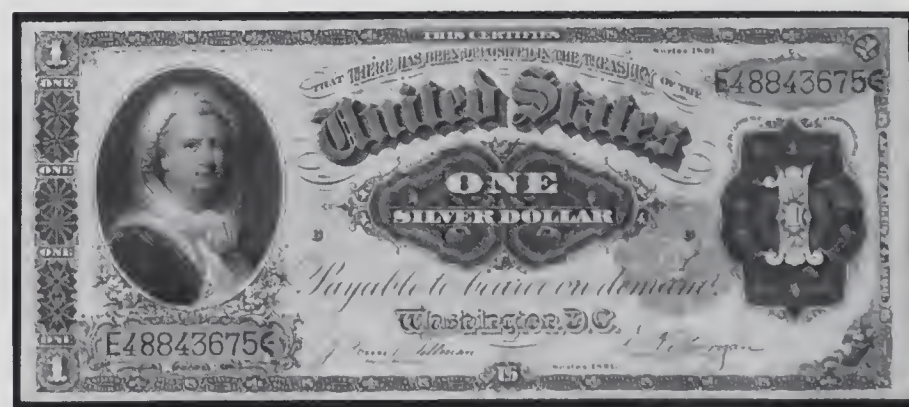

- 1049 \$10. 1879. Refunding Certificate. Fr.214. No.A3310311. Not too many folds, but they are rather sharp. Closely trimmed at the bottom. With the number of high grade (and high priced) examples coming on the market lately, decent circulated examples have become quite reasonably priced. (\$1000-1300)
This example was last seen publicly in the May 20, 1966 Kreisberg & Schulman sale, lot 849.

Silver Certificates

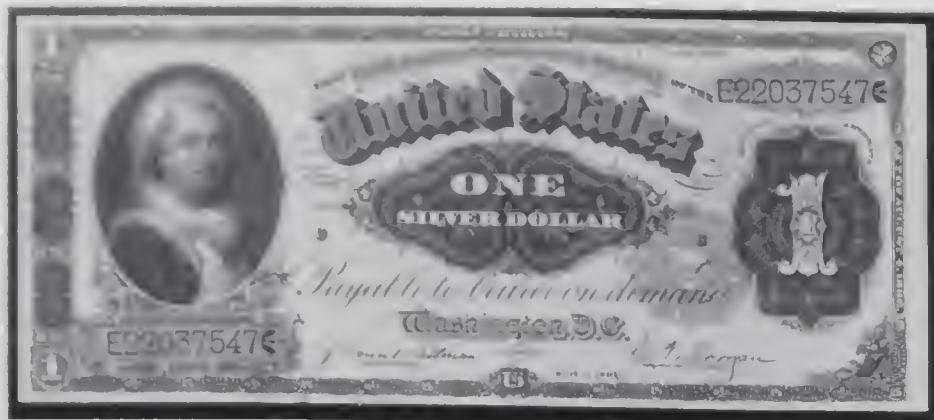

- 1050 \$1. 1886. Silver Certificate. Fr.215. No.B6180397. Better than Very Fine, but somewhat toned. (\$150-200)

- 1052 \$1. 1891. Silver Certificate. Fr.223. No.E47652568. Gem Uncirculated. A particularly nice unmolested note with good margins, paper and color. (\$700-1000)

- 1053 \$1. 1891. Silver Certificate. Fr.223. No.E48843675. Gem Uncirculated. Another fresh, wholesome note, sure to please the most fastidious collector. (\$700-1000)

- 1054 \$1. 1891. Silver Certificate. Fr.223. No.E22037547. Choice About Uncirculated. A third and final example, also as fresh as the day it left the press. If not for a soft, rounded wallet fold in the center this would be a pure gem. Every bit as crisp, fresh, and attractive as the last two. (\$300-400)

- 1055 \$1 Silver Certificates: Fr.224, 236, 237. The first is Fine or better on the face, VG on the back; the 1899 is Fine, the last VF. [3] (\$150-200)

- 1056 \$1. 1896. Silver Certificate. Fr.225. No.47504679. Extremely Fine. A nice fully crisp example with good margins and no problems of even the most trivial nature. (\$350-425)

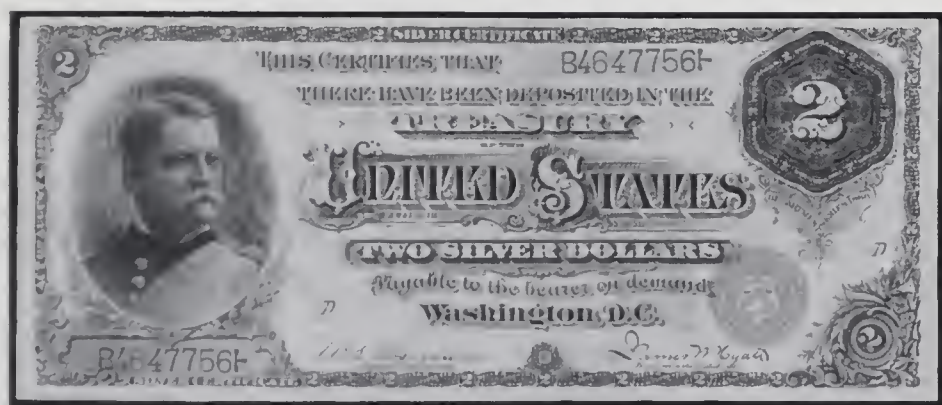

- 1057 \$1. 1899. Silver Certificate. Fr.226. No.76540917. Gem Uncirculated. The short-lived sub-type with the series date above the serial number. Much scarcer than the following varieties, and hard to find in truly top condition. (\$200-250)

- 1058 \$1. 1899. Silver Certificate. Fr.233. No.Z38185555Z. Choice Uncirculated. Fully original, and a gem if the top margin were a trifle better. (\$100-150)

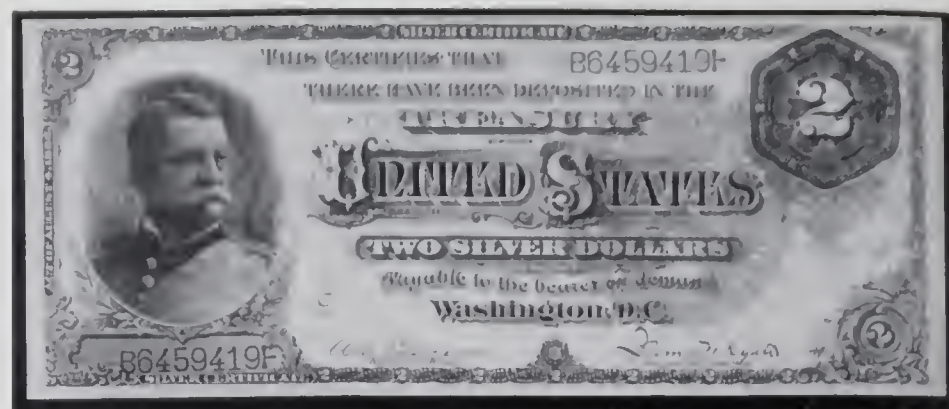

- 1059 \$1. 1899. Silver Certificate. Fr.234. No.N59389021A. Uncirculated but for a couple of light pinches at the top. Trimmed slightly in at the bottom. (\$80-120)

- 1061 \$1. 1923. Silver Certificates. Fr.237 (2), Fr.238 (1). Choice Uncirculated, About Uncirculated, and Uncirculated, trimmed slightly in at the top respectively. [3] (\$100-125)

- 1062 \$2. 1886. Silver Certificate. Fr.241. No.B4647756. Uncirculated. Good margins, but the paper is just slightly toned. (\$650-800)

- 1063 \$2. 1886. Silver Certificate. Fr.242. No.B6459419. Gem Uncirculated, or very close to it, just not quite perfectly centered. The most "common" of the 1886 \$2 notes, so a good choice for a type set. (\$900-1100)

- 1064 \$2. 1896. Silver Certificate. Fr.248. No.14669691. Very Fine. A nice problem-free example with good margins. (\$500-600)

- 1065 \$2. 1899. Silver Certificate. Fr.249. No.86269080. Choice Uncirculated, close to gem. (\$350-450)

- 1066 \$2. 1899. Silver Certificate. Fr.256. No.N27311505. Choice AU. Kept from a higher grade solely by a short but sharp corner crease. (\$200-300)

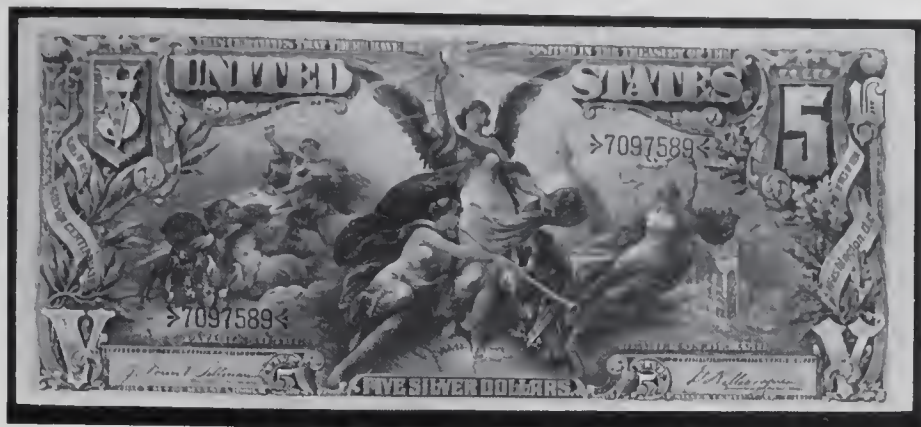

- 1067 \$5. 1886. Silver Certificate. Fr.263. No.B28580415. Choice Uncirculated. A bright fresh example of the popular "silver dollar back," just a trifle close at the top. (\$1800-2400)

- 1068 \$5. 1891. Silver Certificate. Fr.267. No.E10137494. A solid Fine, with a bit of soiling on the back, but a natural, attractive face. (\$275-350)

Pair of Gem 1899 \$5 Silver Certificates

- 1072 \$5. 1899. Silver Certificate. Fr.281. No.N34569562. Gem Uncirculated. A virtually flawless note, with nice even margins all around.

(\$1200-1400)

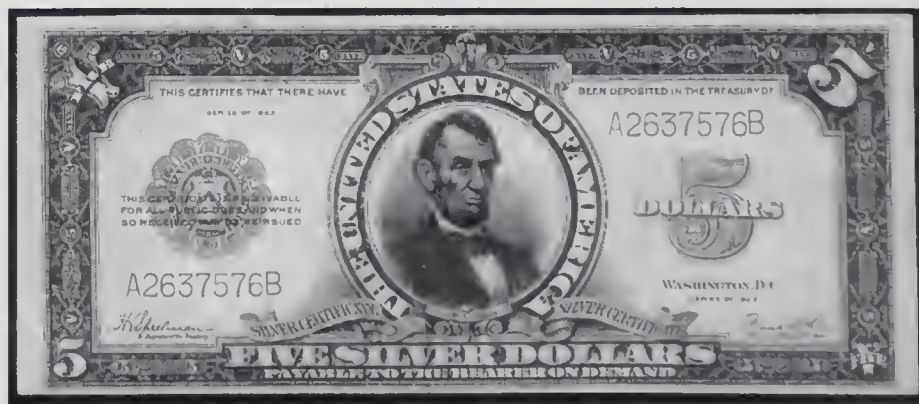

- 1073 \$5. 1899. Silver Certificate. Fr.281. No.N57810028. Gem Uncirculated. Another superb example that is nearly unimprovable.

(\$1200-1400)

- 1074 \$5. 1923. Silver Certificate. Fr.282. No.A2867460B. Choice Uncirculated. For the record, there is a faint pinch in the right margin, not touching the engraving, but the note is otherwise quite exceptional. One of a run of consecutive notes, all of which are CU but for trivial edge marks like this.

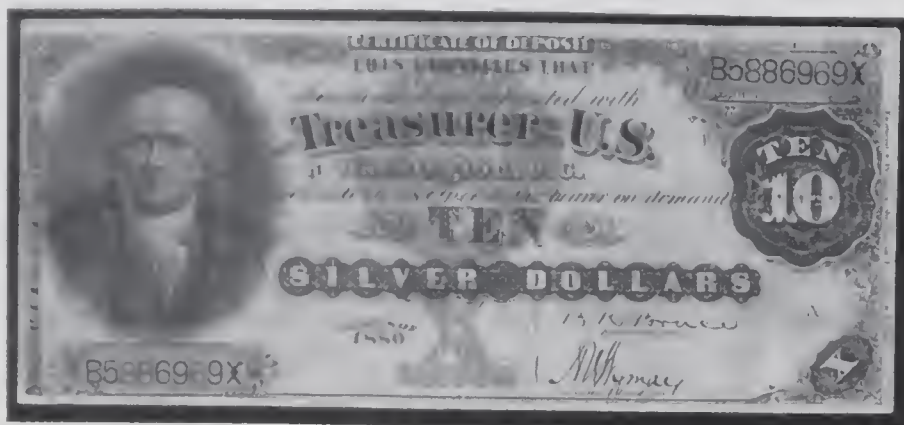

(\$700-800)

- 1075 \$5. 1923. Silver Certificate. Fr.282. No.A2637576B. Choice About Uncirculated. A superb bright, clean note that would be a full gem were it not for a solitary light center fold.

(\$700-800)

- 1076 \$5. 1923 Silver Certificate. Fr.282. No.A3957094B. VF-EF. An attractive, problem-free example, with good margins and bright color. (\$450-550)

- 1077 \$10. 1880. Silver Certificate. Fr.289. No.B5886969. Fine, with an inconspicuous repaired half inch tear at the left. Aside from the tear, the note is quite solid for the grade. (\$700-900)
From the January 10, 1997 C.A.A. sale, lot 2924.

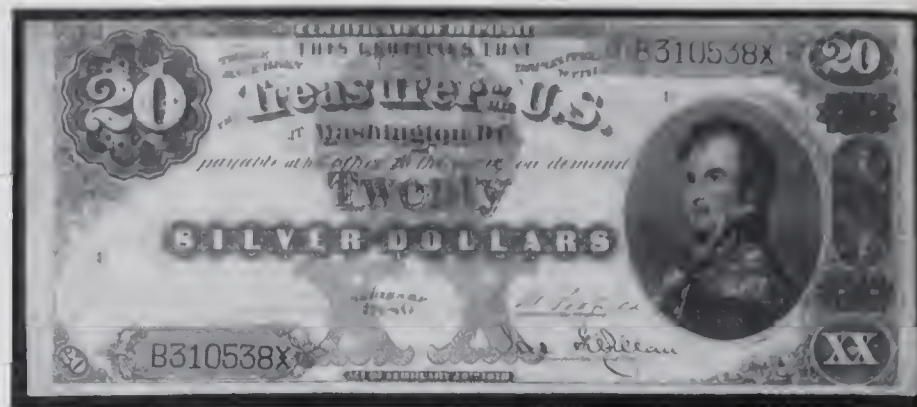

- 1078 \$10. 1891. Silver Certificate. Fr.299. No.E16716008. Very Fine. Clean and attractive for the grade, with decent margins and no problems. (\$450-600)

Ex Lyn Knight's February 14, 1997 sale, lot 481.

- 1081 \$20. 1880. Silver Certificate. Fr.311. No.B3236522. Fine or a bit better, with two small pinholes. Solid, with none of the edge problems common to this issue. Scarce in decent condition. (\$1200-1500)

Scarce "Diamond Back" \$20 Silver Certificate

- 1082 \$20. 1886. Silver Certificate. Fr.314. No.B183334. VG-F, with a tiny pinhole or two. Lightly washed at some point, though the color is still good. (\$1000-1400)

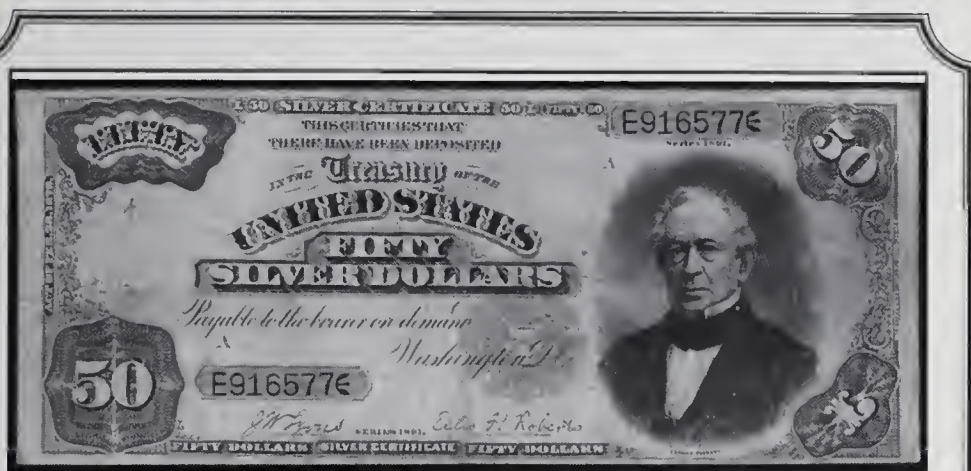

- 1083 \$20. 1891. Silver Certificate. Fr.321. No.H1461536. Very Fine. A problem-free example, with no pinholes or edge weakness. Bright with good color. A good choice for a middle grade type set. (\$900-1100)

- 1084 \$20. 1891. Silver Certificate. Fr.322. No.H1865042. Fine, or maybe a bit better. Somewhat close at the top, but like the Fr.321 above, a solid note with no defects. (\$650-750)

James Cross has recently discovered two distinctly different varieties of Fr.322 - a Large or Small Teehee signature. This is the Small Teehee variety. Though the discovery is fairly recent, it appears at this point that neither variety is appreciably rarer than the other.

From the May 1996 C.A.A. auction, lot 1620.

- 1085 \$50. 1891. Silver Certificate. Fr.333. No.E916577. Very Good, or a bit better, with a couple of small pinholes. Evenly worn, with soiling typical of the grade. (\$1400-1600)

Ex Christie's September 17, 1982 sale, lot 1648.

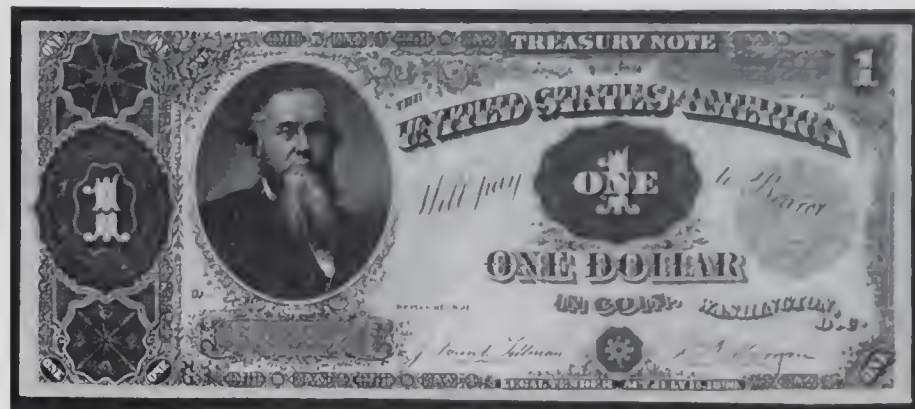

Treasury / Coin Notes

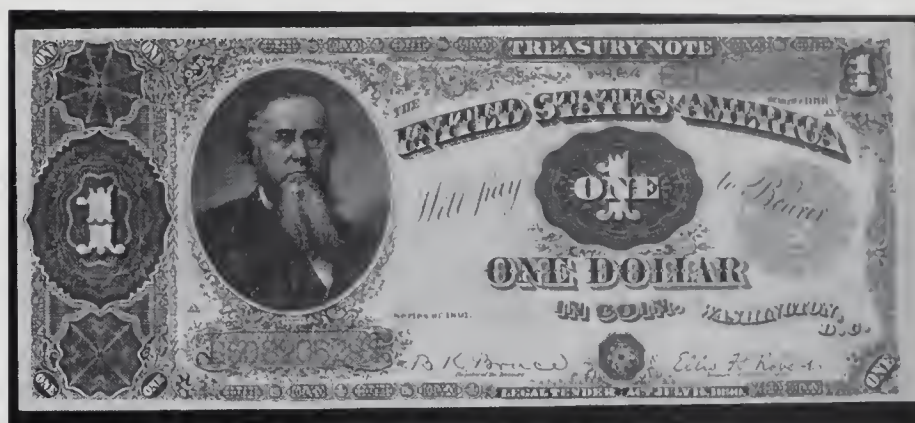

- 1086 \$1. 1890. Treasury Note. Fr.347. No.A596244. Extremely Fine, slightly close at the bottom left, with a tiny spot left of center. Sharply quarter folded, but bright and fully crisp, with few other signs of circulation. (\$700-850)

The \$1 Treasury note leads off a series of notes depicting famous Americans of the Civil War era. Edwin Stanton, on this note, was Attorney General under President Buchanan, and Secretary of War under Lincoln. President Andrew Johnson was impeached after trying to remove Stanton against the will of Congress. Stanton died in 1869, just four days after being appointed an associate justice of the U.S. Supreme Court.

- 1087 \$1. 1890. Treasury Note. Fr.349. No.A5747503. Extremely Fine or so. Shows more circulation than the last, but still clean and attractive with a fair degree of crispness. (\$650-800)

- 1088 \$1. 1891. Treasury Note. Fr.351. No.B38982324. Technically Choice AU due to a couple of light corner folds, but should easily bring close to an Uncirculated price. Bright and crisp, with deep original embossing and a fresh original feel so seldom seen these days. (\$300-400)

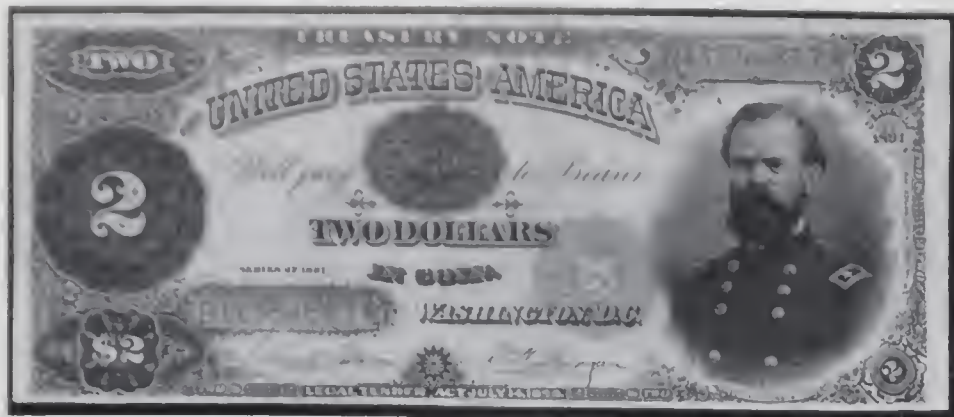

- 1089 \$1. 1891. Treasury Note. Fr.352. No.B50820629. Choice Uncirculated. Not perfectly centered, but pleasing nonetheless. (\$350-450)

- 1090 \$1. 1891. Treasury Note. Fr.352. No.B53409215. Choice Uncirculated. Just a bit tight at the top on both sides. (\$350-450)
- 1091 \$2. 1890. Treasury Note. Fr.353. No.A302018. About Good, with heavy circulation and soiling, and numerous edge problems, but still solid internally. (\$60-80)

Please note that a 10% buyer's premium will be added to each lot purchased.

- 1092 \$2. 1891. Treasury Note. Fr.357. No.B11354817. Choice Uncirculated. A gem if the bottom margin were just a bit better. A nice type note, without the heavy price tag of a full gem.

(\$1100-1300)

The vignette at the right is that of Civil War General James McPherson, Union hero of the Battle of Vicksburg.

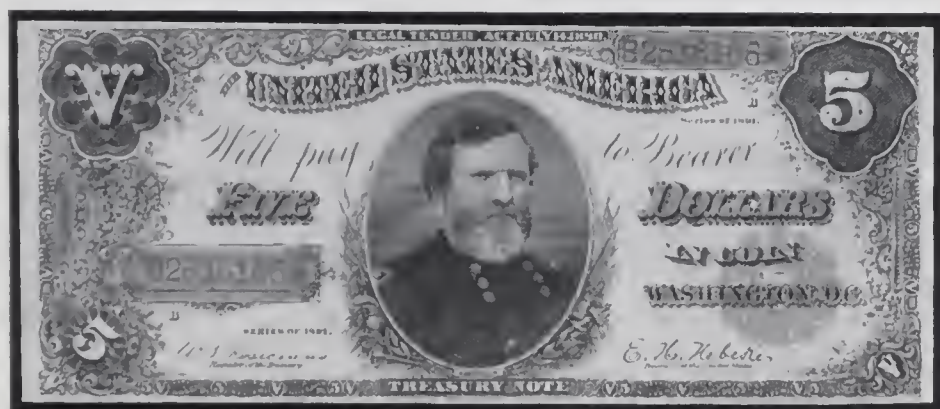

- 1093 \$2. 1891. Treasury Note. Fr.357. No.B14029246. F-VF. Evenly worn, with no defects.

(\$200-300)

- 1094 \$5. 1890. Treasury Note. Fr.359. No.A1244408. Very Good, with some central pinholes and a small repaired edge split at the top.

(\$150-200)

Choice \$5 Treasury Note

- 1095 \$5. 1891. Treasury Note. Fr.362. No.B2616166. Choice Uncirculated. A gem but for the close top margin and light teller counting signs at the right. Fully bright and crisp.

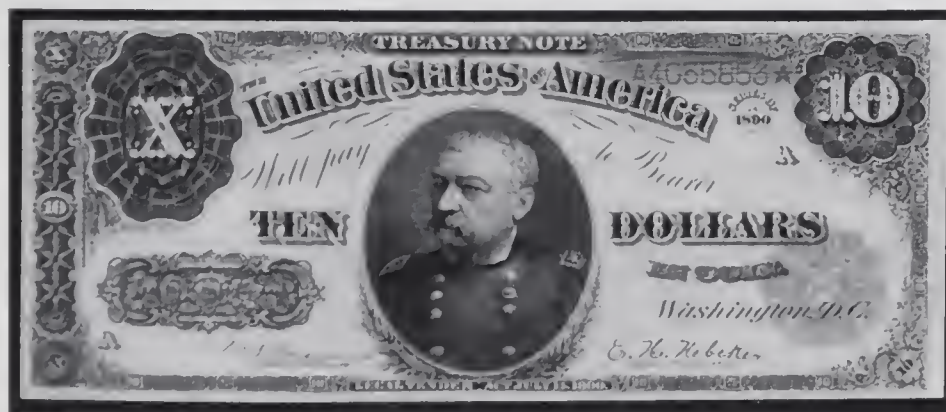

(\$550-700)

From the May 11, 1991 C.A.A. sale, lot 663.

The \$5 in the Treasury series honors General George Thomas, the "Rock of Chickamauga."

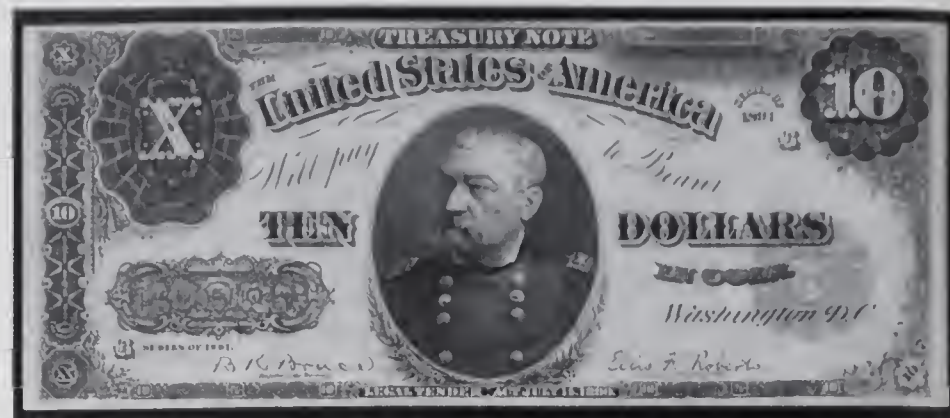

- 1096 \$5. 1891. Treasury Note. Fr.363. No.B11728422. Very Fine or a bit better from the standpoint of wear, and looks even nicer, but lightly washed, the red overprint now a bit faint.

(\$250-350)

- 1097 \$10. 1890. Treasury Note. Fr.368. No.A4035853. Choice AU. A lovely mint state note but for a short vertical fold in the left margin. A clean, bright note that would easily fit into a top condition collection.

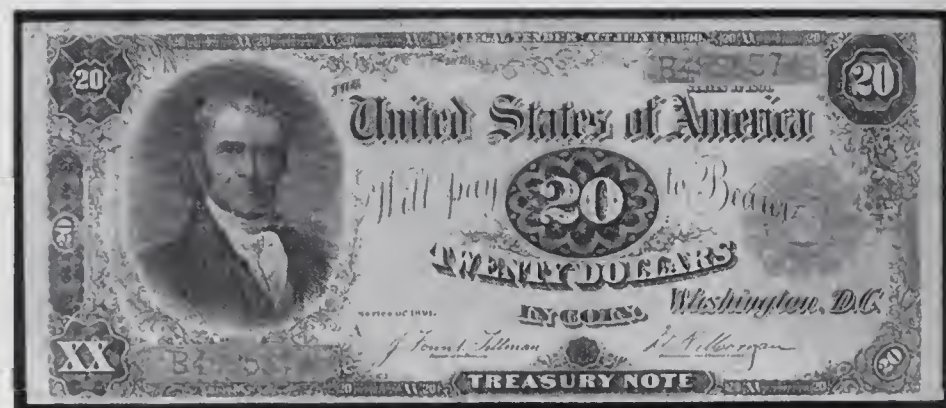

(\$800-1000)

- 1098 \$10. 1891. Treasury Note. Fr.371. No.B5805094. Choice Uncirculated. Close at the top, but otherwise gem. The scarcest of the 1891 \$10 varieties, and the lowest printage total of the three. Difficult to find in top grade.

(\$1500-2000)

The \$10 honors yet another Civil War luminary - General Philip H. Sheridan. An outstanding military leader, Sheridan's victories forced Lee to retreat from Richmond to Appomattox, and he surrendered shortly afterward. Sheridan went on to become Military Governor of Texas and Louisiana and later Commander in Chief of the U.S. Army.

- 1099 \$20. 1891. Treasury Note. Fr.375. No.B488537. Fine, with a small pinhole or two. Good margins, with no damage.

(\$100-150)

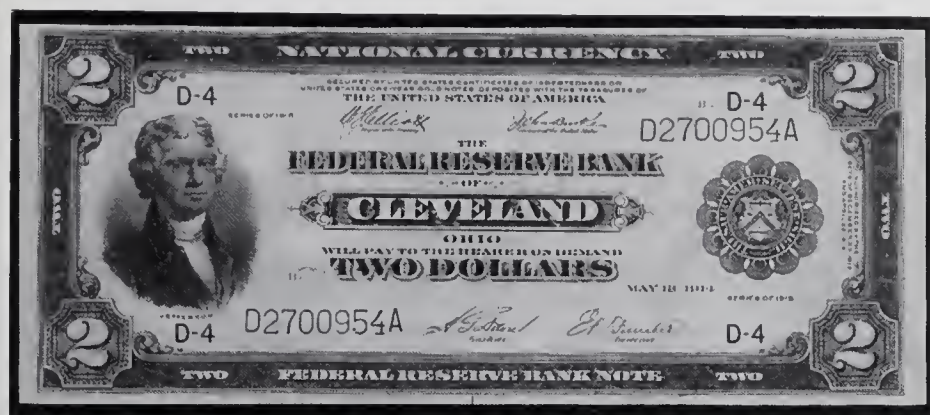

- 1102 \$2. 1918. Federal Reserve Bank Note. Fr.747. No.A4837832A. Gem Uncirculated. A lovely "Battleship" \$2, nicely centered on both sides.

(\$600-750)

- 1103 \$2. 1918. Federal Reserve Bank Note. Fr.748. No.A1455986A. From the Crosswhite collection in 1954, catalogued then by New Netherlands as AU. This is a bit harsh, as the note never circulated but has counting pinch folds at both ends, naturally flattened out over decades of storage. From an original pack of consecutive notes, most of which have been described over the years as anything from EF to Choice Uncirculated. (\$300-400)
- 1104 \$2. 1918. Federal Reserve Bank Note. Fr.750. No.B1013945A. **Extremely Fine.** Has some light vertical folds, but the bright, clean, crisp look and feel of a much higher grade. (\$200-275)

Choice "Battleship" \$2 Note

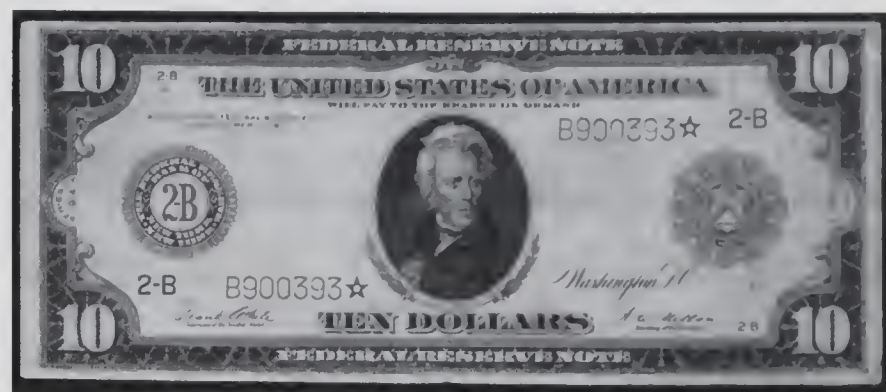

- 1105 \$2. 1918. Federal Reserve Bank Note. Fr.759. No.D2700954A. **Choice Uncirculated**, virtually gem. A very popular 20th Century type, hard to find this nice. (\$400-550)
- 1106 \$2. 1918. Federal Reserve Bank Note. Fr.761. No.E3040593A. **Extremely Fine.** The face looks a grade better, but the center fold breaks the engraving on the back. (\$200-250)
- 1107 \$5. 1918. Federal Reserve Bank Note. Fr.781. No.A415755A. F-VF, with no pinholes, splits, or other problems. One of the keys to the \$5 FRBN series, with just no Uncirculated runs of notes known, and very few high grade examples known. (\$250-350)
- 1108 \$5. 1915. Federal Reserve Bank Note. Fr.788. No.F106611A. **Extremely Fine** and problem-free. Good margins and color. One of the unrecognized "sleepers" of the series, with only about a dozen traced to date. (\$125-175)
- 1109 Federal Reserve Bank Note/Federal Reserve Note Group: \$1. Fr.713; \$5. Fr.856; \$10. Fr.919a; \$20. Fr.978. The \$5 is a nice VF, the other VG or a maybe a bit better. [4] (\$100-150)

Federal Reserve Notes

- 1113 \$20. 1914. Federal Reserve Note. Fr.919a. No.D23387826A. **Choice Uncirculated**, very close to gem. (\$100-150)
- 1114 \$50. 1914. Federal Reserve Note. Fr.1036. No.D276349A. VF-EF. Clean and bright, and looks a full grade better on the face. (\$125-175)
- 1115 \$50. 1914. Federal Reserve Note. Fr.1068. No.L618067A. **Extremely Fine.** Bright and clean, with good margins. (\$175-250)

- 1116 \$100. 1914. Federal Reserve Note. Fr.1092. No.C220142A. EF-AU. Looks **Choice Uncirculated** but has a well hidden center fold and a somewhat sharper broad diagonal fold at the right end. (\$300-400)

- 1117 \$100. 1914. Federal Reserve Note. Fr.1104. No.F39556A. **Gem Uncirculated.** A beautiful, original note, with great margins. The right side shows a faint counting pinch, but none of the dirty finger smudging that usually accompanies such a pinch. (\$1200-1400)

- 1126 \$20. 1882. Gold Certificate. Fr.1178. No.C5384024. Fine, but washed. The face looks quite decent, even a full grade better, but the back shows the washing more obviously. (\$225-300)

- 1138 Ch.M2126. *Lincoln*. First NB. \$1. Original Series. Fr.382. No.D642474/1202. A. **Choice Uncirculated**. A gem if the margins were a bit more even. Bright, with good signatures. A relatively common "hoard" bank, so an ideal choice for a type set. (\$600-700)

- 1139 Ch.2126. *Lincoln*. First NB. \$2. Original Series. Fr.389. No.D642474/1202. A. **Uncirculated**, the bottom margin trimmed slightly in, and a tiny pinhole. From the same sheet as the \$1 above, also bright, with good signatures. A relatively affordable "Lazy Deuce," as a fair number are known from this bank. (\$1600-2000)

Indiana

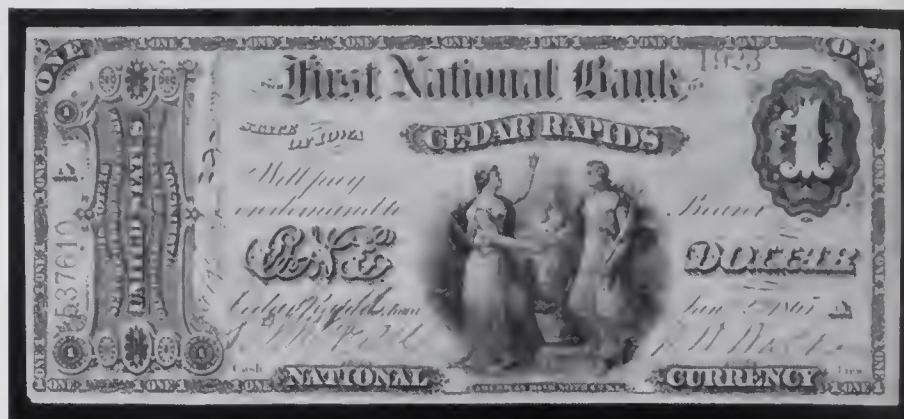

- 1140 Ch.7132. *Columbia City*. First NB. \$10. 1902 PB. Fr.624. No.12286/12286. D. **Fine**. Tight at the top, and lightly washed, the signatures light but legible. A **Rarity 5** bank placed in receivership in 1927. We've seen very few public appearances over the years, and Kelly reports just six notes known. (\$250-300)

- 1141 Ch.47. *Terre Haute*. First McKeen NB and TC. \$20. 1929 T1. Fr.1802-1. No.E001014A. **Choice Uncirculated**. A bit close at the right, otherwise gem. The second and most common of the three titles used by this bank. (\$75-100)

Iowa

- 1142 Ch.8762. *Ackley*. First NB. \$20. 1929 T1. Fr.1802-1. No.A000048A. **Choice About Uncirculated**. Probably never actually circulated, just received a pinch here and there. Kelly reports just six small notes known of 2, 232 issued. (\$250-350)

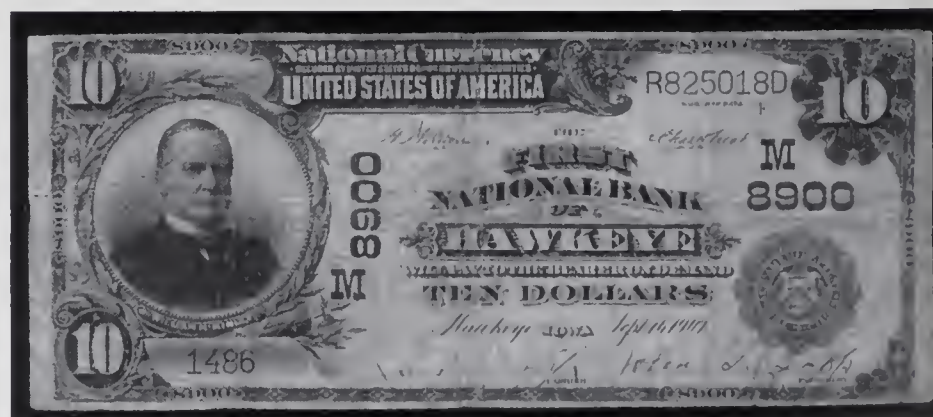

A Rare Error on a Very Rare Bank

- 1143 Ch.500. *Cedar Rapids*. First NB. \$1.00. Original Series. Fr.380. No.537610/1923. A. **Missing the Treasury Seal**. **About Uncirculated**, with just a single center fold, and missing about 1mm of the lower left corner tip. Fully bright, clean and crisp, with bold signatures. The seal area of the paper shows a faint ghost impression of a seal, probably from having the seal "printed" without the plate having been inked after the previous sheet. Even high power magnification shows absolutely no paper disturbances. A **very rare** bank, listed as **Rarity 6** in H&O, with only two notes reported by Kelly. Our own records of public sales contain not a single public offering of a note from this bank in the last half century. (\$1500-2000)

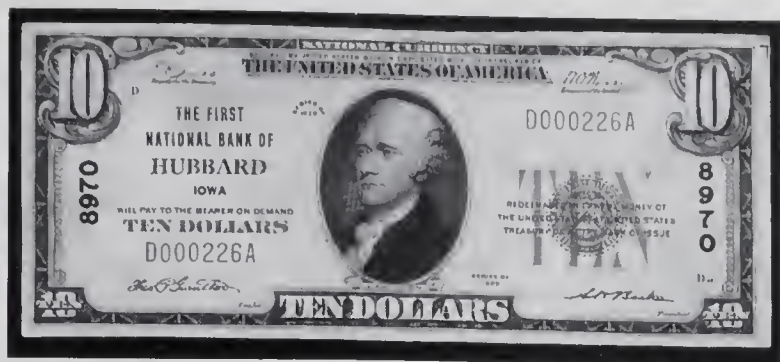

- 1144 Ch.3396. *Grundy Center*. Grundy County NB. \$10. 1929 T1. Fr.1801-1. No.C000672A. **Choice VF**, close to EF. Centered top and right, but blemish-free. Kelly reports fourteen notes known, evenly split between large and small. (\$200-250)

We've recorded very few public appearances, and Kelly reports just three large and five small notes known. (\$400-600)

Massachusetts

- 1149 Ch.5135. Traer. First NB. \$10. 1929 T1. Fr.1801-1. No.E001502A. A solid Very Fine. Clean, with just a couple of pinholes at the left. (\$75-100)

A **Rarity 5** bank, liquidated in 1916. We can find no record of public sale since a seventeen year old series of Curt Iversen fixed price lists from 1978 to 1980, and only two auction appearances prior to that. Kelly reports only three notes known. (\$500-750)

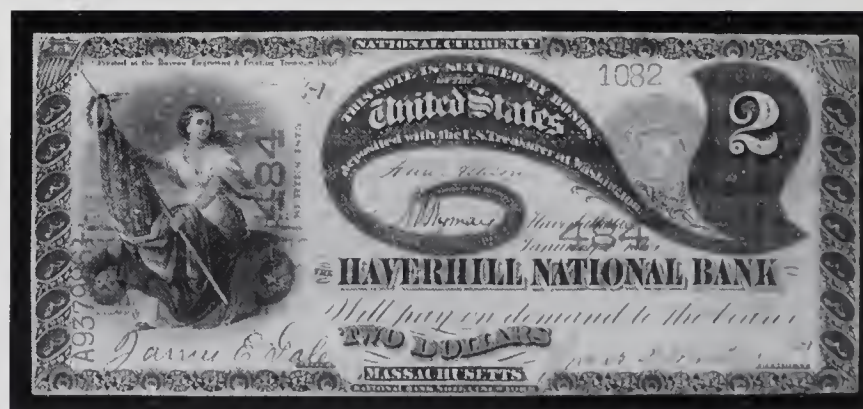

- 1152 Ch.993. Boston. National Eagle Bank. \$2. 1875. Fr.391. No.B219733/5429. A. Fine to Very Fine. Closely trimmed, with moderate soiling at the ends. Still has good signatures, and a decent appearance. Just 10 notes reported for this bank that liquidated in 1898. (\$550-700)

- From the Cassopolis hoard broken up by Stack's in the last year. The majority of the notes were circulated, and since they were largely not consecutive, very few cut sheets could be formed. This is in all probability the finest cut sheet that came from the group.

Includes 1928A, 1928C, 1928D, 1928E, 1928F, 1928G. The scarce 1928A looks Gem Uncirculated, but has a faint vertical fold. The others are gem but for the centering. A very nice early group.

- 1201 **\$2. Legal Tender Note. 1928B. Fr.1503. No.B02471660A. Gem Uncirculated.** A beautiful, crackling fresh note. Centered a bit low, but a stunning note in all other respects. The key to the \$2 Legal Tender series. (\$500-600)

- 1203 **\$5. Legal Tender Note. 1928D. Fr.1529. No.G60108640A. Choice Uncirculated.** Centered a trifle high and left, but otherwise a full gem. The scarcest of the \$5 Legals. (\$125-175)

- 1205 **\$5. Legal Tender Notes. 1928F. Fr.1531. Not consecutive, but all from two original packs. Choice to Gem Uncirculated,** mostly a bit off center, but all attractive. None actually trimmed into the design. All are the Wide 1 variety. [7] (\$75-100)

- 1208 **\$1. Silver Certificates. 1928A. Fr.1601.** Twenty notes, from three original packs in the H-A block. **Choice Uncirculated.** A few are close to gem, but most are off center to some extent. All are clean, original, fresh notes; 1934. Fr.1606. Three different early blocks, all **Choice to Gem Uncirculated.** [23] (\$450-600)

- 1209 **\$1. Silver Certificate. 1928C. Fr.1603. No.B29448114B. Choice Uncirculated,** and a full gem if the centering were just a bit better. Bright, clean and crisp. The second rarest of the \$1 Silvers, behind the 1928E. (\$300-400)

- 1216 \$10. Federal Reserve Bank Notes. 1929. Fr.1860G. Forty-one notes from one original pack, Nos.G024364xxA. A superb group, Choice to Gem Uncirculated, with no soft corners or edges, smudging, etc. Rarely are original packs encountered any more - most being broken up years ago as the Small Size field became more popular. [41] (\$1500-2000)

This pack comes with a bank wrapper (no bank name), dated Jan. 29, 1943. Mixed in the pack were eight National Bank Notes on the Albion National Bank, Albion Nebraska (offered in the National section above).

Fancy Serial Number

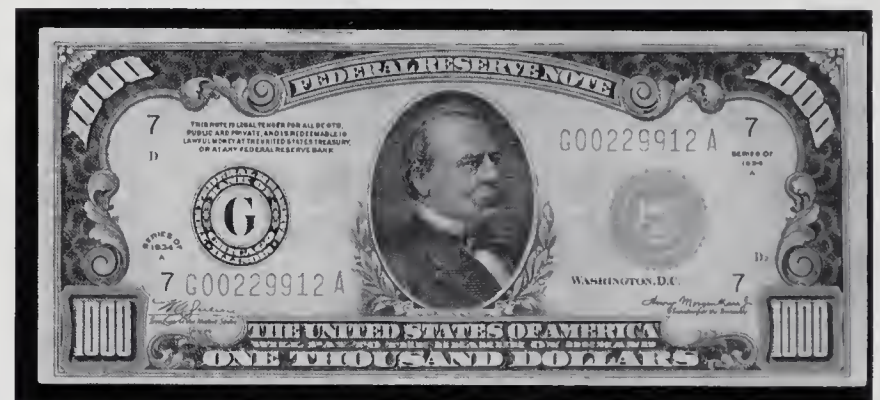

- 1218 \$1. Federal Reserve Note. 1988A. Fr.1916I. No.I111111111. Extremely Fine, but looks a grade higher on the face. Repeater serial numbers are rare and always popular, but even more so when the prefix and suffix letters match. (\$400-500)

- 1236 \$20. Federal Reserve Note. 1985. Fr.2075F. Both seals and serial numbers printed on the back. Gem Uncirculated. A beautiful example of a more difficult denomination to find. (\$175-225)

Missing Printing

- 1237 \$1. Silver Certificate. 1928. Fr.1600. Missing the third printing (seal and serial numbers). Gem Uncirculated. A superb, original note, as nice as one could hope for. Unlike modern errors, errors on the earlier series are much rarer, as Treasury quality controls were far more strict. Major early errors in top condition are few and far between. (\$750-1250)

Fold and Cutting Errors

- 1238 \$20. Federal Reserve Note. 1981A. Fr.2074G. After the first two normal printings, the upper right 40% was folded down onto the face, thus receiving parts of the third printing for two notes. About Uncirculated. (\$250-300)
- 1239 \$20. Federal Reserve Note. 1977. Fr.2072K. Like the last, the first two printings were normal, followed by a 30% fold of the upper right down onto the face, the right seal now partly on the back. Gem Uncirculated. (\$125-175)
- 1240 Cutting Error on a \$20 1950A FRN. Due to a small fold in the upper right corner. The extra piece shows registration lines on both sides. Crisp Uncirculated. (\$100-150)

- 1241 Printed Fold Error on a \$20 1977 FRN. The left corner folded up during the 3rd Printing causing part of the District Seal and part of the left serial number to appear on the front, and on the back. Almost Uncirculated. (\$200-300)

Alignment Errors

- 1245 Pair of Misaligned Third Printings on Federal Reserve Notes: \$20 1981 Richmond, \$50 1985 New York.** Both have the black third printing very low, so the treasury seal covers the left serial number and part of the Treasurer's signature. Extremely Fine. A dramatic pair of shift errors. [2] (\$200-300)

Offset Errors

- 1246 \$1. Federal Reserve Note. 1974. Fr.1908F. No.F28825556A. 90% Face on back offset. Gem Uncirculated.** Missing just a bit of the lower left corner to be complete. A good dark impression. (\$75-100)

- 1248 \$50. Federal Reserve Note. 1990. Fr.2124G. 50% back on face offset. Choice Uncirculated.** The half of the offset that is present is quite dark. (\$175-225)

The first two have small identical offsets of a bit of the back on the lower right corner of the face; the third has a mangled tear, which received all normal printings, face and back, while in the torn, scrunched position. An interesting trio, all within a serial number range of eight notes!

- 1269 **A Nice Group of Errors on the Backs of \$1 1935 Silver Certificates.** While they are not yet commanding large premiums, as time goes by, collectors will begin to realize just how scarce these early small size errors really are. [7] (\$300-450)

First Printing mis-aligned so that part of a second note appears on the backs of these notes - 1) 1935D EF. 2) 1935-D VF. 3) 1935E. VF. Similar, but only slightly mis-aligned. 4) 1935B VF. 5) 1935E VF-EF. Partial Offset of Front, across the top portion of the back. 6-7) 1935E. Both VF.

The Treasury Seal, right serial number and right District numbers are missing. In this case, the obstruction was the right corner of the note itself, folded over during the 3rd Printing. Half of the Treasury Seal appears on the back.

1296 50 cents. Fr.1366. Wide A-2-6-5. Choice Uncirculated. Trimmed slightly in at the left, but bright and crisp. Far scarcer with the wide back surcharge. (\$250-300)

1297 50 cents. Fr.1370. Fiber paper. Choice Uncirculated, nearly gem. A lovely fiber paper note, with the only bad margin being the back left. (\$250-350)

1298 50 cents. Lincoln. Fr.1374. Choice Uncirculated, virtually gem. Long considered to be one of the best engraved portraits of Lincoln, and hard to find in top condition. (\$200-250)

1299 50 cents. Stanton. Fr.1376. Choice Uncirculated. A bit close at the top and left, but great color. (\$75-100)

1300 Six Piece Denomination Set. 3 cents, 5 cents, 10 cents, 15 cents, 25 cents, 50 cents. All Uncirculated. [6] (\$200-250)

A nice group, four of the five issues represented: Fr.1226, 1230, 1242, 1271, 1309, 1381. The 3 cents is trimmed slightly in on the top, with a short pinch, but the others are Choice Uncirculated or better.

1301 Five Cent Selection: Fr.1230, 1232 (2), 1238 (2). All Choice Uncirculated, one 1238 close to gem. A bright attractive group. [4] (\$175-250)

1302 Ten Cent Selection: Fr.1242, 1255, 1261, 1264, 1265, 1266. Choice Uncirculated or better, the green seal fifth issue particularly nice. [6] (\$125-175)

1303 Fifty Cent Type Group: Fr.1334, 1360, 1379, 1381. The 1360 is About Uncirculated, but with excellent margins, the others Choice Uncirculated. A scarce and worthwhile group. [4] (\$300-400)

1304 Nice Fractional Type Selection. Nine different types, with some better varieties. Mostly Uncirculated, or close to it. [9] (\$200-300)

5 cents Fr.1234; 10 cents Fr.1242, 1247, 1259; 15 cents Fr.1271; 25 cents Fr.1284, 1301; 50 cents Fr.1358, 1379. The Justice is a nice EF, the Fr.1247 Uncirculated, but badly trimmed. The 15 cents is Uncirculated. The rest range from About Uncirculated to Uncirculated, most with a tight margin or two.

1305 Beginning Type Group of Fractional Currency. Eight different types, mostly Uncirculated. [8] (\$150-200)

3 cents Fr.1226; 5 cents Fr.1230, 1238; 10 cents Fr.1242, 1256, 1259; 15 cents Fr.1269; 50 cents Lincoln, Fr.1374. The 1230 and the Lincoln are EF, the others Uncirculated. All are bright, but nearly all are trimmed very tight or into the design on at least one side.

1306 Second Issue Denomination Set. A high grade, attractive set. [4] (\$100-125)

5 cents Fr.1232; 10 cents Fr.1244; 25 cents Fr.1285; 50 cents Fr.1318. Uncirculated, EF (2), and About Uncirculated respectively. All but the 10 cent are trimmed in on at least one side.

1307 Third Issue Type Group. A better than average, high grade group. [4] (\$250-350)

5 cents Fr.1239; 10 cents Fr.1256; 25 cents Fr.1294; 50 cents Fr.1355. The last is AU, faded, but the rest are Choice Uncirculated, gem but for close margins.

1308 Third Issue Type Group. Includes a couple of slightly better varieties. [4] (\$75-125)

3 cents Fr.1226; 5 cents Fr.1238; 10 cents Fr.1256; 50 cents Fr.1333. Uncirculated, EF, AU, and EF, slightly aged. The 10 cents and 50 cents are trimmed slightly into the design.

1309 5 cents Fr.1236; 25 cents Fr.1295. Choice Uncirculated. Both would be gem with slightly better margins. Fully bright and crisp. [2] (\$175-250)

1310 Fourth and Fifth Issue Selection. All Choice Uncirculated. [8] (\$250-300)

10 cents Fr.1259 (2), 1261, 1265 (2); 15 cents Fr.1269; 25 cents Fr.1308, 1309. Several are close to gem, and one 1259 leans toward the purplish brown color once eagerly sought as a rare color variety.

1311 Miscellaneous Fractional Types. A group of the four lower denominations, all in better grades. [7] (\$175-225)

3 cents Fr.1226 (2); 5 cents Fr.1230 (3); 10 cents Fr.1242; 15 cents Fr.1271. All are basically Uncirculated, but most are badly trimmed. Attractive nonetheless.

- 1316 Choice Third Issue Fifty Cent Wide Margin Faces: Fr.1328-SP Face, Fr.1355-SP Face. Both Choice About Uncirculated, bright and crisp, with just a couple of corner wrinkles. The first is on the scarcer soft, non-CSA paper. [2] (\$125-175)
- 1317 Narrow Margin Five Cent Group: Fr.1232-SP Face and Back, Fr.1236-SP Red Back, Fr.1238-SP Face and Green Back. Choice About Uncirculated to Choice Uncirculated. A better grade lot, not the usual narrow margin notes marred by unsightly shield remnants. [5] (\$75-125)

Fractional Currency Shield

- 1318 U.S. Fractional Currency Shield. Gray Background. Has been cut out around the shield perimeter and rematted, the shield and matting somewhat aged. The shield was folded in several places before being reframed, one of the folds cracking across. Better than it sounds, and would look decent mounted on a wall. (\$1500-2000)

Incredible Postage Currency Letter

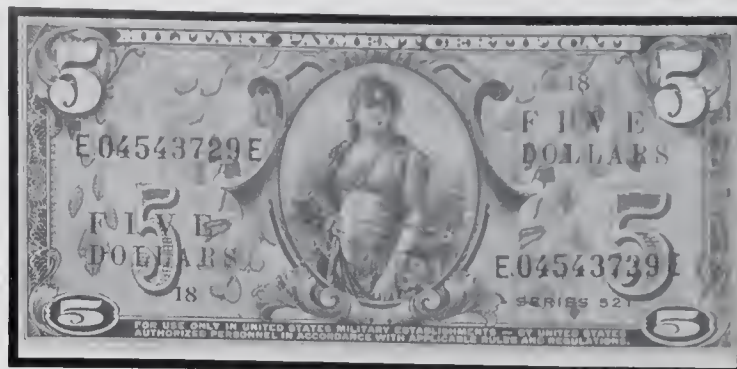

- 1319 Letter from the Third Assistant Postmaster General, dated Oct. 16, 1862, regarding the use of postage stamps vs. "postage currency." Very Fine, folded, but attractive, with no splits. The first such letter we have encountered, and an outstanding association item for the advanced Fractional Currency collector. (\$200-250)

A pre-printed 8 x 10" form letter, from A.N. Zevely, Third Assistant Postmaster General, Washington, stating that the demand by the public for postage stamps for use as currency has exhausted the supply of stamps, and declaring that "Sales of stamps must therefore be restricted to such as may be needed by the public for prepayment of postage..." and "This Department has repeatedly, by special letters and official announcement, declared its opposition to the sale and use of postage stamps for a currency..."

Certificates Signed by the Founder of Boeing Aircraft

Some of the most elusive names in financial history have been found on certificates that would not normally be associated with those names. Henry Ford is a good example. For years, the only Ford signed certificate offered in a public auction was on the Highland Park Bank. Andrew Carnegie is another elusive signature on certificates, but this cataloguer had the pleasure of discovering his signature on a lone Pennsylvania Company stock.

One of the giant names in the aircraft industry is Boeing Airplane Company, but until now, we have never had the opportunity of offering a certificate signed by the founder of Boeing. Just as the Ford and Carnegie signatures turned up on certificates that would not usually be associated with them, Boeing's signature was discovered on a small group of lumber company certificates. While today's 747 jetliners are made of titanium and other exotic materials, in the early days of Boeing Airplane the frames were made of wood, which explains the connection between Boeing and the lumber companies.

William Edward Boeing (1881-1956) began his business career as a timber merchant in Seattle, Washington. He learned to fly in 1915, and formed the Pacific Aero Products Company a year later to build seaplanes. He became an airmail contractor, serving Seattle and British Columbia. In 1917, he founded Boeing Airplane Company, which was to become the largest manufacturer of civilian and military aircraft in the world. In 1927, Boeing organized the Boeing Air Transport Company, which was responsible for many innovations in air travel, including night passenger travel, crews with two pilots and a stewardess, and the use of constant two-way radio communications. Boeing retired in 1934, when his air travel company became United Air Lines. Boeing Airplane went on to build the Clipper Flying Boat, the B-17 Flying Fortress Bombers, the Boeing 707 Jetliners, and a host of other magnificent aircraft.

Time ran out on the initial enterprise, and this company was later reorganized as the New Arkansas & Texas Land Company. Certificates from the original company are genuinely rare.

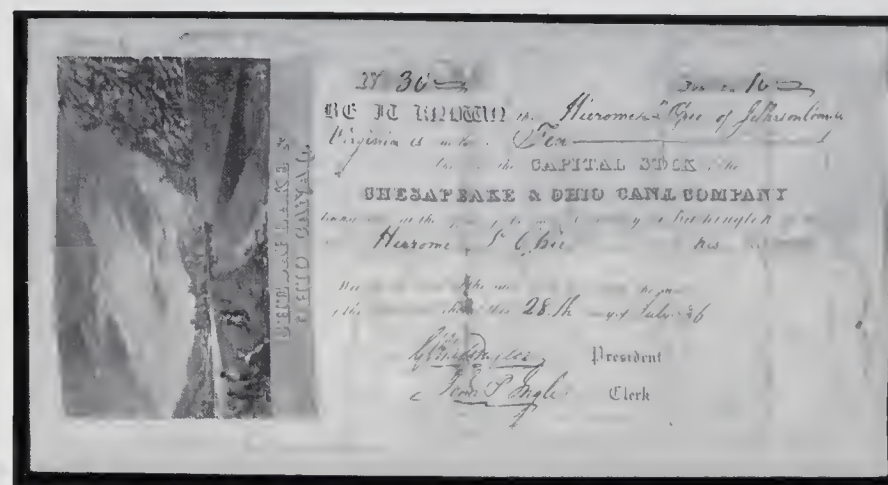

Important Chesapeake & Ohio Canal Shares

1368A Chesapeake & Ohio Canal (MD) 1836. 10 shs. Canal scene at left, with embankment, canal, Potomac River at left. Signed as corporate president by George C. Washington, 1789-1854, grandnephew of George Washington, congressman and Indian treaty negotiator. His son was kidnapped by John Brown in his raid on Harpers Ferry in 1859. Fancy embossed seal at right. Heavy fold splits, small body holes, rough edges and small pieces out. There are minor stains. Framed, and though it appears to be floating on a piece of mat, the certificate may well be pasted. A very scarce and important certificate, and an excellent candidate for restoration. (\$1000-1500)

This enterprise was chartered in 1828, in succession to the old Potowmanck Comapny, half the six million capital coming from the state of Maryland and Virginia as well as the cities of Washington, Georgetown and Alexandria. Although President John Q. Adams turned the first spade, the scheme was not a success. A change of plan widening the canal made it impossible to finish the work within the constraints of the capital. By the crash of 1837, all of the \$8 million had been spent and the canal was still 50 miles from Cumberland. In the meantime, President Jackson had to repeatedly call out the militia to restore order among the quarrelsome and striking workers.

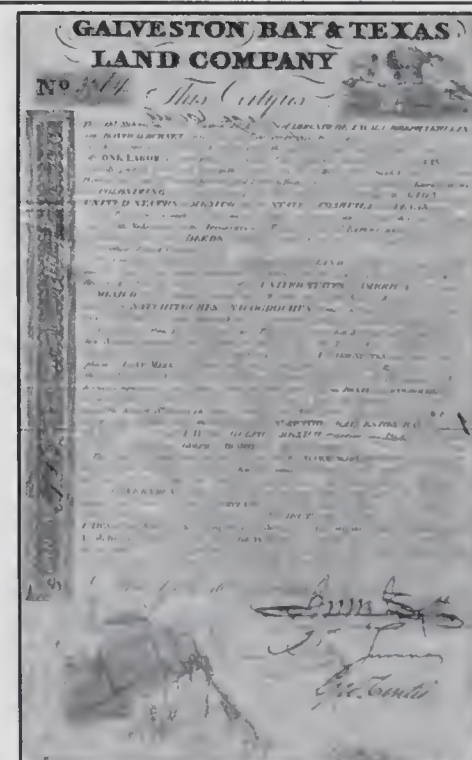

Finally, in 1850, way over budget, the canal reached Cumberland, whose coal mines at least offered a commercial product that could be carried to Washington. The company ran at a profit from 1860 to 1880, with the exception of 1877 when a great flood on the Potomac wrecked the works. The company got back on its feet, but the Baltimore & Ohio Railroad steadily drained away its business. It lingered on until 1924, when another great flood destroyed the works and made reconstruction financially impossible. The Federal government bought the land as a park in the 1930's.

1369 Galveston Bay & Texas Land 1830. One Labor of Land, in Texas. Issued to George Curtis of New York. Map detailing location of land at bottom. Rough borders and some ink burns, otherwise VF. We have only seen two in the last five years or so.

(\$1000-1500)

The public's great interest in Texas tempted a New York banker and several individuals close to the Jackson administration to form a company whose main business was selling worthless land scrip to gullible settlers who later would have great difficulties in securing good title to the lands they thought they owned. Some of the members of the company, convinced by their own advertising, bought large tracts of land and attempted to secure good title by obtaining the services of Sam Houston and other influential Texas lawyers. Houston would later call the Galveston Bay & Texas Land Company "...a company who have swindled by the millions."

1370 Kellogg Bridge 1871. Buffalo, New York. 20 shs, green underprint. Fancy first letters of title. Commerce, Justice flank state seal. Issued to and signed by Charles Kellogg as president. The company produced wrought-iron bridges, trestles, viaducts, turntables, and roofs. R44. VF+. (\$250-350)

1371 Licking Bridge Connecting Newport & Covington Opposite Cincinnati 1845. \$5. Liberty, left. Bridge, above. Minerva, right. Farm animals in circle. Bank note size format by RWH. Small ink burn at lower left border, otherwise VF+. (\$200-300)

- 1497 Northern Firm's Correspondence on Sugar Business with a Southern Customer in Louisiana. [6] (\$200-Up)
This correspondence involves letters from Sturges & Company with their customer John P. Van Bergen, Franklin, in St. Mary's Parish, LA. The four letters are dated January 7, 18, 22, and February 12, 17 and 19, 1859. The letters report the arrival of sugar and molasses in New York and the impact of those arrivals on the price of those commodities in New York. The quality of Van Bergen's produce is commented upon, as is the fact that the market is soft and the dealers, despite their best efforts at holding prices up, will soon be compelled to lower them. Activities in Cuba are reported on with reports that the Cubans are loading every available ship to send sugar to the New York market where prices are higher than elsewhere. The same holds true for Puerto Rican shipments. There are constant quotations in every letter of the market and two letters were folded up and used as envelopes. As such they have their original

stamps. The last letter indicates an intention to sell as much sugar as possible before April first, as a price stampede is predicted. An interesting correspondence for anyone interested in the sugar market in New York in 1859.

Texas Obsolete Currency Collection

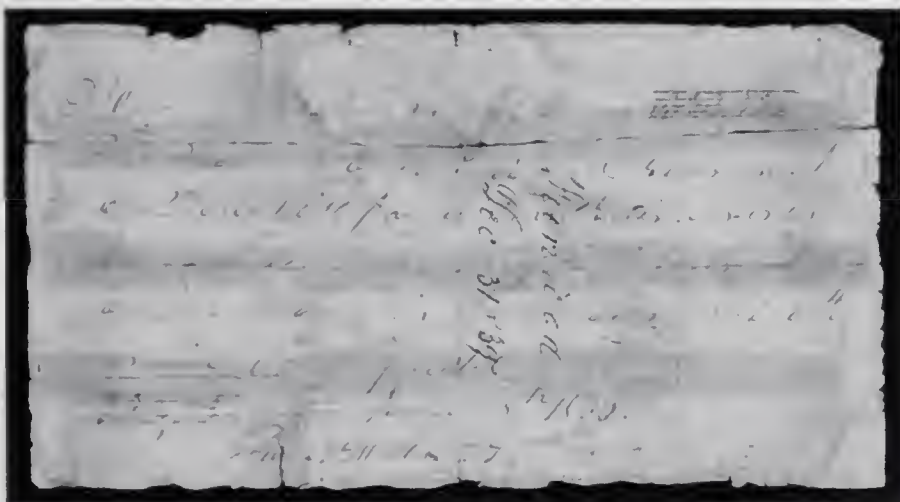

The notes and other Republic of Texas items which follow in the public and mail bid sections are from a collection formed over many years, and contain items seldom, if ever, seen before.

This will be a chance to acquire items that are in many cases of museum quality or are in once in a life time dealer quantities.

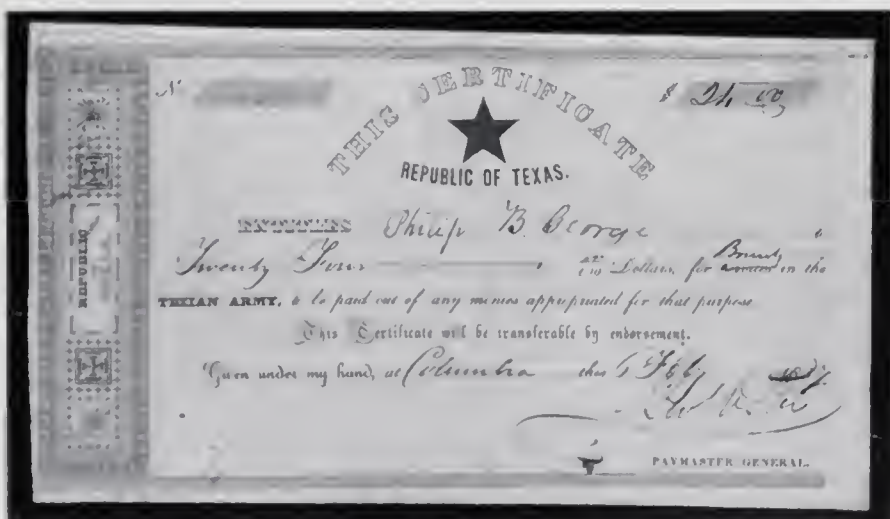

- 1615 Treasurer of the Provisional Government of Texas. \$20.25. (P-1). Written on yellow paper. F-VF, fold splits, taped on all four sides, pen cancelled four times. (\$500-1000)

Dated February 13, 1836, over two weeks before the capture of the Alamo. Issued at Washington on Brazos.

- 1616 Treasurer of the Provisional Government of Texas. \$323.23. (P-2). G-VG, water stained and heavily split with repair tape on the back. "Funded Dec 31 39" on face. (\$250-450)

- 1617 Texian Army \$24. (C-16). F-VF, fold soiling. (\$250-350)
A nice, mostly printed item, not all hand written as are the earlier warrants.

- 1618 Republic of Texas 1838-1842 Warrants. [5] (\$200-300)

1) \$178.33. (HW-7). Abt VF. 2) \$44.80. (HW-9). Fine, silked on the back. 3) \$226.37. (HW-9A). VG, CC, wax sealed splits, soiling. Endorsed on the back that payee was given this money for service with the army. 4) \$150. (HW-10). No.2. About 40% of this item is covered by a water stain at the bottom and there is an ink smear at the right. AU. 5) \$60. (HW-13). For rations and clothing. VF, trimmed down to the borders.

- 1619 Republic of Texas. June 9, 1837. \$10. (H-4). Fine, CC, triangular hole filled in the lower left edge; two stamps at right, an oval one "Audited and Cancelled"; and a round one "Funded and Cancelled". A lovely example of this rare and early note. (\$250-450)

This and the succeeding "Star" notes were received at par with gold and silver throughout Texas in 1837-1838 because they were not subject to local exchange deductions. Only later, when the issue became excessive, did they become depreciated. The signature at the left is that of Henry Smith, the Secretary of the Treasury. That at the right is **not** that of Sam Houston. Houston had been shot in the wrist during the Battle of New Orleans in 1815 and lengthy writing was painful for him. Smith delayed issuing these notes because Houston was required to sign them but could not. Congress then ordered Houston's secretary to sign all these notes on his behalf, his amenuensis rendition of the President's signature being sufficiently passable to look authentic to the ignorant public.

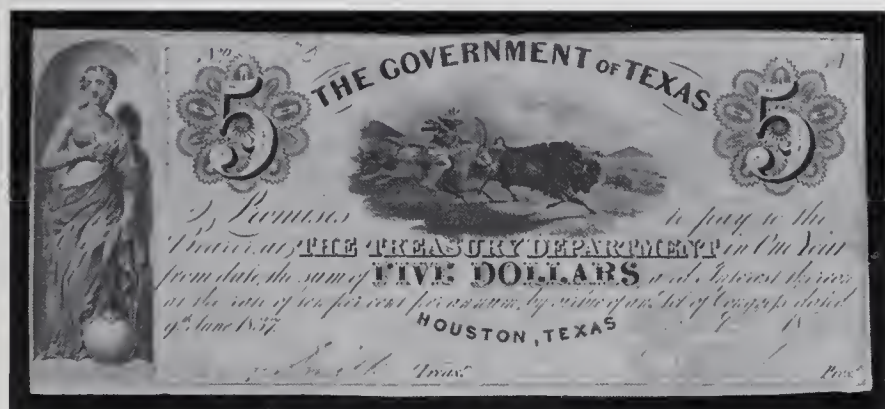

- 1620 Republic of Texas. \$50. (H-7B). Abt VG, slash cancelled several times, water stained at the top, chinked all around the edges, particularly so at the bottom. There is a red wax stain at the left. (\$150-250)

- 1621 Republic of Texas. \$100. (H-10). Counterfeit and so noted on the face, VG, long splits repaired with thin paper strips on the back. (\$250-450)

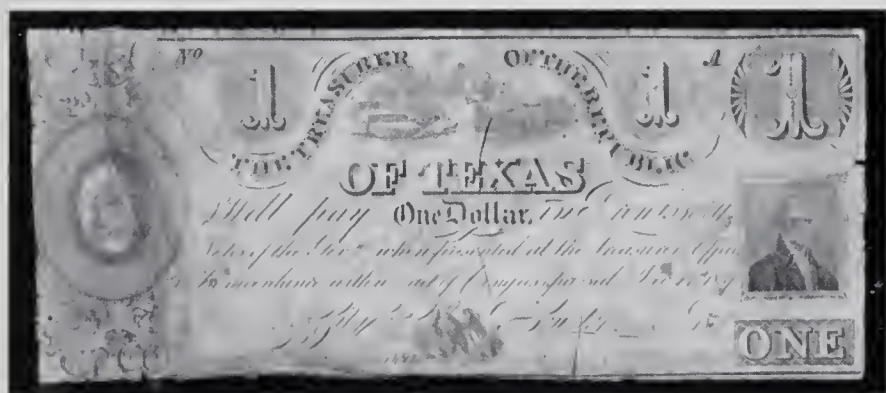

The typeset crudity of this first issue must have encouraged copying them, as this high denomination shows. Why so many \$100 and \$500 were issued of this series is unknown, the lower note probably representing a whole year's income for the average Texan.

- 1622 Government of Texas. \$5.A. \$5.B. (H-16). Abt Fine, VG, both cut cancelled. [2] (\$250-500)

- 1623 Government of Texas. \$10.A. \$10.B. \$10.A. (H-17,17,17A). VG, water stained at the right; VF, EF. All are cut cancelled. [3] (\$150-250)

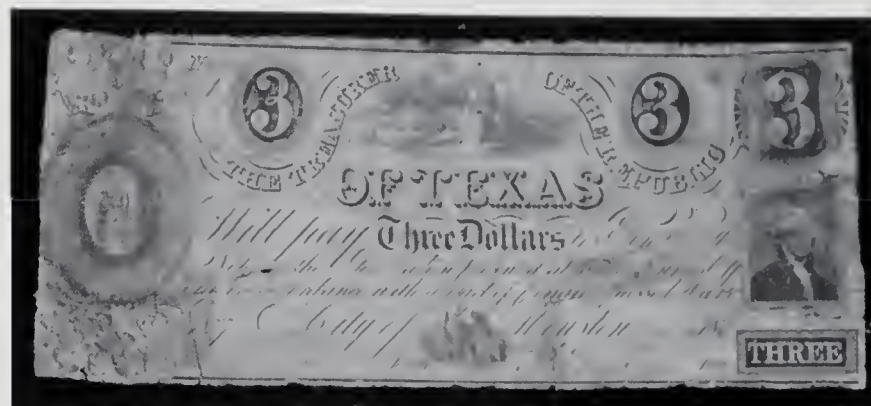

The last two notes are choice for this issue.

- 1624 Treasurer of the Republic of Texas. \$1. (H-22). Fair, the left end has been restored. The note is CC. Rare. (\$200-300)

- 1625 Treasurer of the Republic of Texas. \$2.A. \$2.A. (H-24). Abt VG, CC, stained at the top; Abt VG, CC, soiled. [2] (\$200-300)

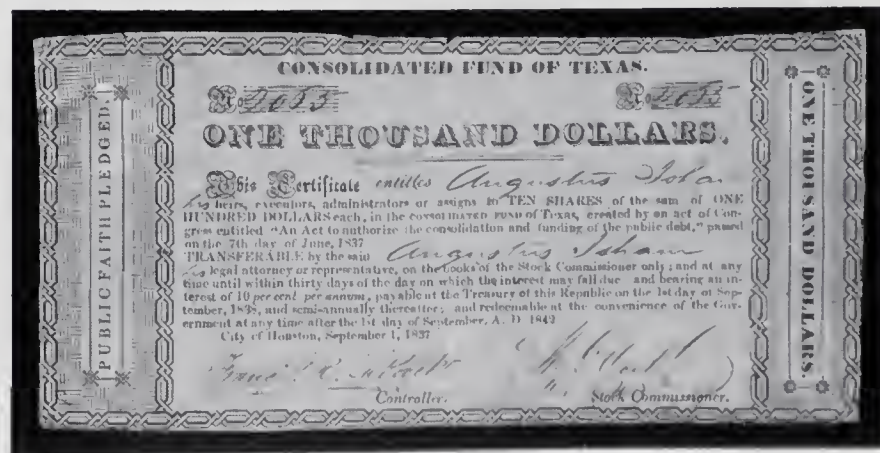

- 1626 Treasurer of the Republic of Texas. \$3.A. (H-26). Poor, restored. There are two restored areas on the left side, a body restoration right of center, and the top right corner has been restored. Not too bad looking considering its problems. (\$200-300)

- 1627 Consolidated Fund of Texas. \$100. (CF-1). EF to Unc, all CC. [40] (\$600-1000)

This group consists of numbers 4-30 in red ink, on thick paper; 13-27, unissued on thin paper; 7 other thin paper items. Range: 2152-2230

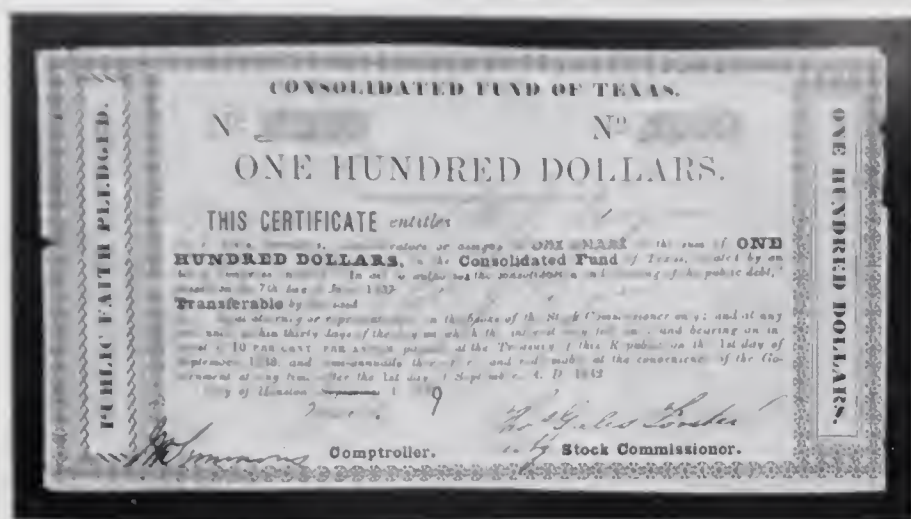

- 1628 Consolidated Fund of Texas. \$100. (CF-1). 7 thick paper, 3 thin paper. VF to AU, CC. [10] (\$150-250)

For some reason, the thin paper items all have black numbers.

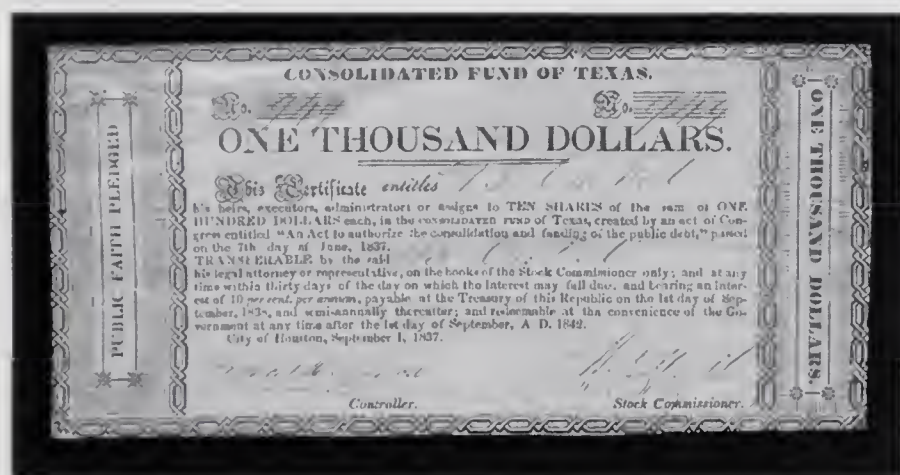

- 1629 Consolidated Fund of Texas. \$1000. (CF-3). Thin paper. Fine, plus, CC. (\$350-700)

There is an 1841 protest for want of funds in the Treasury on the back. No.2065.

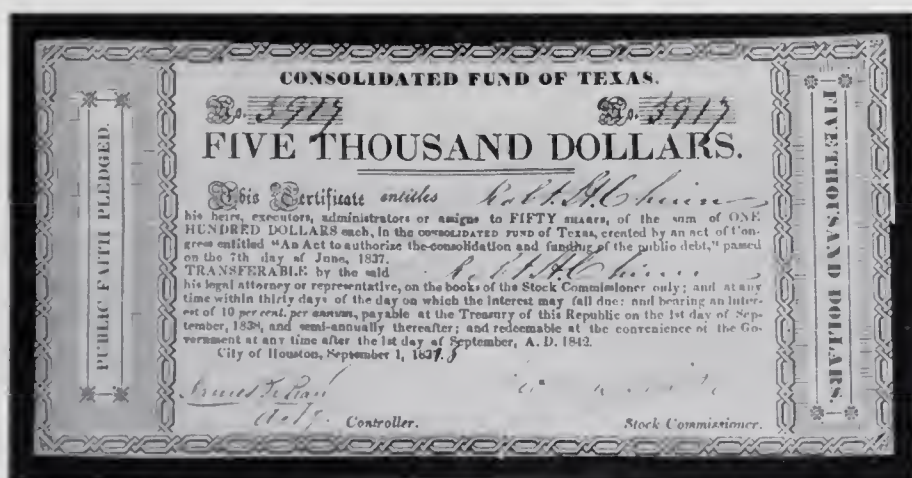

- 1630 Consolidated Fund of Texas. \$100. (CF-4). R-11. No.5403. VF-EF, two folds, CC. (\$250-500)

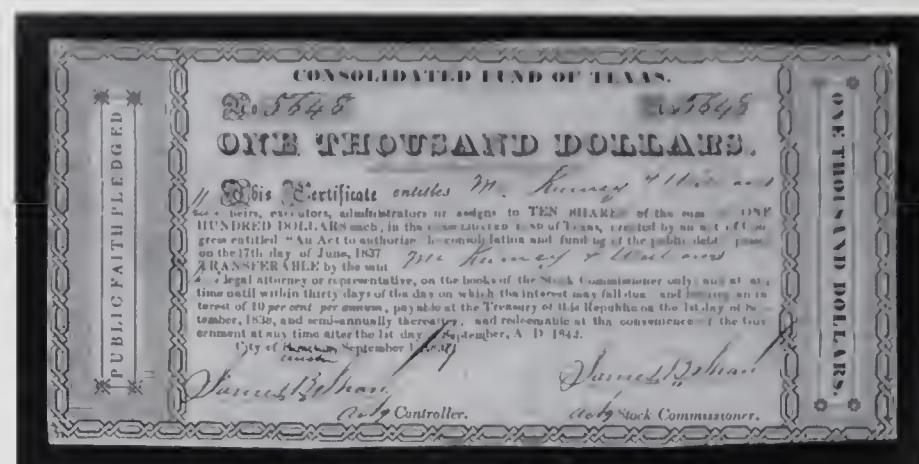

- 1631 Consolidated Fund of Texas. \$100. (CF-4). R-11. No.5607. F-VF, pin holes, a piece out of the left top edge, a tear in the right top edge. (\$200-400)

- 1632 Consolidated Fund of Texas. \$1000. (CF-6). No.949. F-VF, CC, a tear off the center cut. (\$150-300)

- 1633 Consolidated Fund of Texas. \$5000. (CF-6A). No.3917. Unc, a large CC. (\$500-1000)
An Extremely Rare and hard to find denomination.

- 1634 Consolidated Fund of Texas. \$1000. (CF-9). No.5648. Unc, CC. (\$200-300)

- 1635 Consolidated Fund of Texas. \$100. (CF-10). Dealers group. Average: EF, CC. [5] (\$250-350)

- 1636 Consolidated Fund of Texas. \$500. (CF-11). Unc, CC, piece missing; Unc, CC, ink corrosion hole; Unc, CC, piece missing (2). Poor, pen cancelled. [5] (\$200-300)

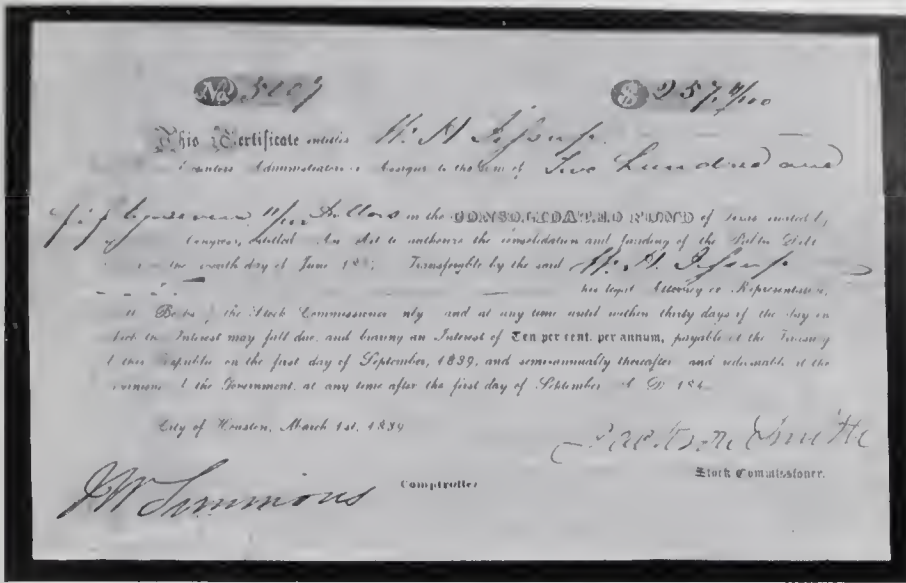

- 1637 Consolidated Fund of Texas. \$1000. (CF-12). No.5647. AU, center fold, CC. (\$300-600)

Made payable to the Galveston mercantile firm of McKinney & Williams who were early backers of Texas independence. They issued their own notes and established the short-lived Bank of Galveston.

- 1638 Consolidated Fund of Texas. \$1000. (CF-12). Unc, CC, a repaired bottom right corner tip. (\$250-500)

- 1639 Consolidated Fund of Texas. \$1000. (CF-12). VF, CC, taped cuts; EF, CC, a piece missing; Abt VF, CC, a piece out of the left edge. [3] (\$600-1000)

1647 Treasurer of the Republic of Texas. \$50. \$100. (A-7,8). AU, CC. Unc, CC. (\$150-300)

1648 Auditor's Certificate. \$24, \$500, \$1007.75, \$780.50, \$500, \$100, \$500. (AW-2). Abt VF, (5), VG (2). pen cancelled. [7] (\$350-500)

Note that these certificates were used to pay the general expenses of the government back to 1836 and that they were fundable or receivable for specific taxes due the government.

1649 Treasury Department Naval Certificate. \$25. (AW-3). [16] (\$550-825)

These certificates run in grade from F-VF to Unc, mostly this higher grade; most are CC. The Republic's navy proved expensive and more often than not, its ships were out of commission because of an inability to repair them. When they were in service, they were used to support the rebels fighting the Mexican regime in the Yucatan and elsewhere, in order to make sure that Mexico was too busy at home to reassert its authority in Texas.

1650 Treasury Department Naval Certificate. \$25. (AW-3). [12] (\$400-600)

These certificates average around VF, all are CC. Some have top edge aging.

1651 Treasury Department Naval Certificate. \$25. (AW-3). [12] (\$220-330)

This group of certificates grades on average Fine, CC.

1652 Treasury Department Naval Certificate. \$50. (AW-4). [10] (\$600-900)

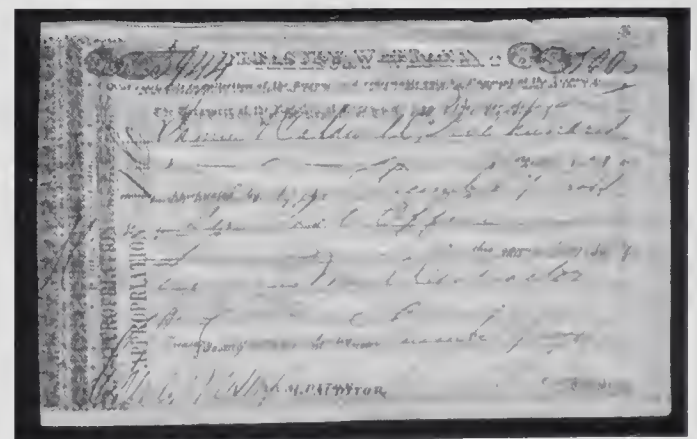

These certificates run from EF to Unc, mostly the last grade, with only a few CC.

1653 Treasury Department Naval Certificate. \$50. (AW-4). [7] (\$280-425)

Average grade: VF, CC.

1654 Treasury Department Naval Certificate. \$50. (AW-4). [10] (\$260-400)

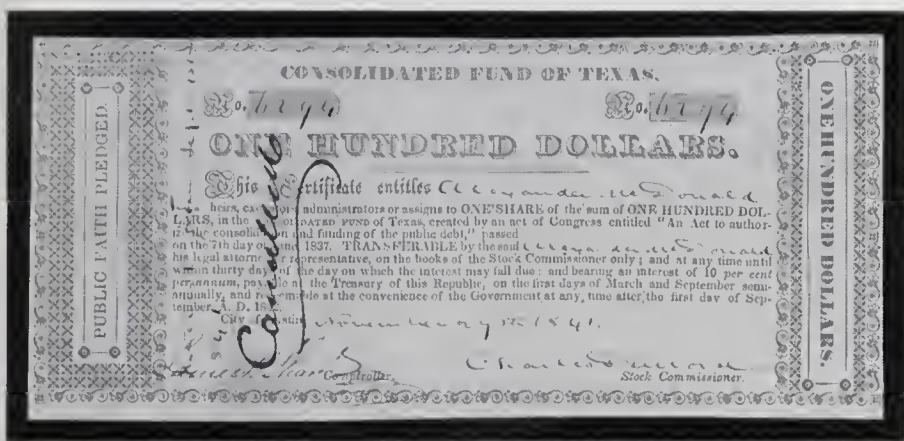

Average grade: Fine, mostly CC.

1655 Treasury Warrant. \$500. 1844. (AW-5). Error: double printed. Made out to James Caldwell, mail contractor. Fine. (\$150-250)

A very peculiar item indeed.

1640 Consolidated Fund of Texas. \$257.11. (CF-13). Abt VF, CC, splits and cuts repaired with hinges on the back. (\$300-600)

1641 Consolidated Fund of Texas. \$100. (CF-14). Unc, pen cancelled on the face. (\$200-400)

1642 Treasurer of the Republic of Texas. \$1. (A-1). VG, CC. [10] (\$500-750)

1643 Treasurer of the Republic of Texas. \$1.A. \$1.B. \$2.A. \$3.A. (A-1,1,2,3). Fine, plus, CC; VF, CC, repaired on the back; Fine, plus; Fine-VF, CC. (\$350-550)

A choice complete group of the lower denomination "A" series notes.

1644 Treasurer of the Republic of Texas. \$5, \$50. (A-4,7). G-VG, holed, Abt Fine. (\$200-400)

Both notes have counterfeit written across their face. These notes are actually genuine notes from the original RWH plates in New York. However, an agent of the Republic went to New Orleans to pick up the shipment and brought it to Galveston. There he carelessly let it be known that his trunk contained sheets of Texas money and he was robbed while drunk and sleeping it off. The notes were then filled in with false numbers and forged signatures and placed in circulation. We have not handled any of these in years.

1645 Treasurer of the Republic of Texas. \$10. \$20. (A-5, A-6). AU, CC; Unc, CC. [2] (\$200-400)

Extraordinarily choice for this issue.

1646 Treasurer of the Republic of Texas. \$20. (A-6). All are Unc, CC. [5] (\$600-1000)

1656 Treasury Warrants, Republic of Texas. (AW-9A). [10]

(\$180-270)

This lot consists of five certificates for "Indian Purposes", mostly merchandise given to the Indians. The other five are for the services of the assistant clerk of the House and Doorkeeper of the Senate; and funds given to three Representatives (1844), Messrs. Bourland, Webb and Philips. **EF-Unc**, pen cancelled.

1657 Treasury Warrants, Republic of Texas. (AW-9A). [10]

(\$180-270)

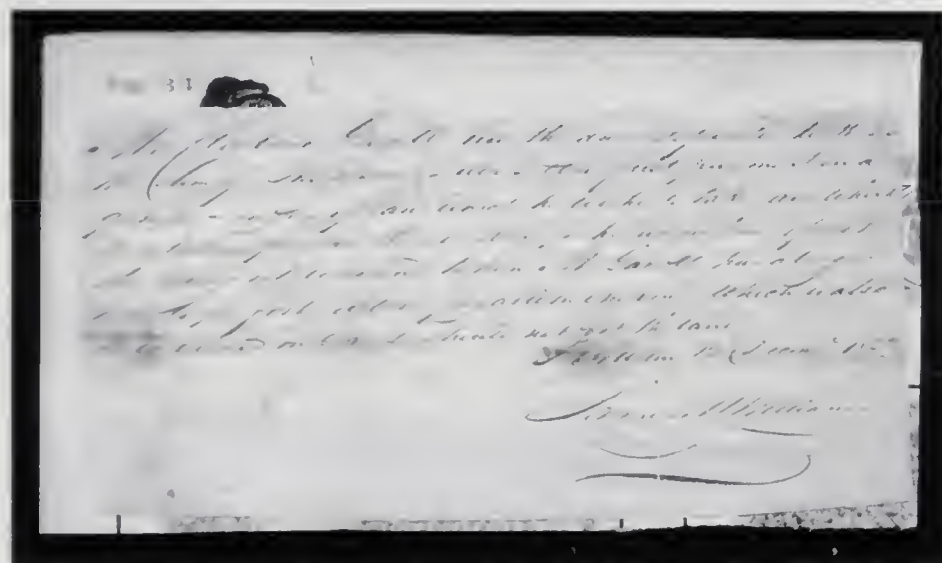

This lot is a mix of thick and thin paper certificates; one for a clerk in the state Department, another for a Treasury clerk, yet another for Treasury Department newspapers; pay and mileage for a member of the Senate Isaac Parke, and pay of members of the 9th Congress House of Representatives (Lewis and Robinson). There are four others: W.B. Ochiltree, the Attorney General, a District Attorney, a clerk of the Supreme Court, and the Chief Justice. **Average: EF**, Pen cancelled.

1658 Treasury Warrants, Republic of Texas. All issued at Washington. (AW-9A). [10]

(\$200-300)

An 1844 Warrant group for minor government uses in the legislative, executive and judicial branches of government. Included are warrants made out to the Auditor and the Comptroller, Messrs. Mason and Shaw, who signed all of these forms. **Average grade: EF**, pen cancelled.

Republic of Texas Land Instruments

1659 Land Receipt for \$37 deposit on a Province of Texas quarter league land grant. Note that if the land the patentee wishes is not available, his money was to be refunded. Further more, he was obliged to pay another \$40 in a year. **VF**, aging, mounted on card. (\$200-350)

Signed by Samuel W. Williams, the secretary to Stephen F. Austin. Austin, and his father Moses before him, was an impresario who held large tracts of land. He was charged with the duty of bringing in settlers, not only to develop the Mexican province, but also to meet his obligations to Mexico. A very early piece antecedent to the Texas revolution.

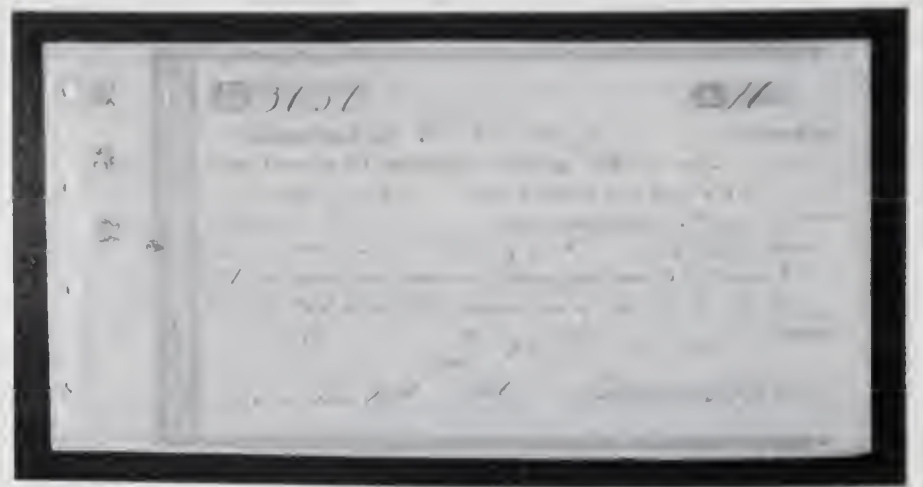

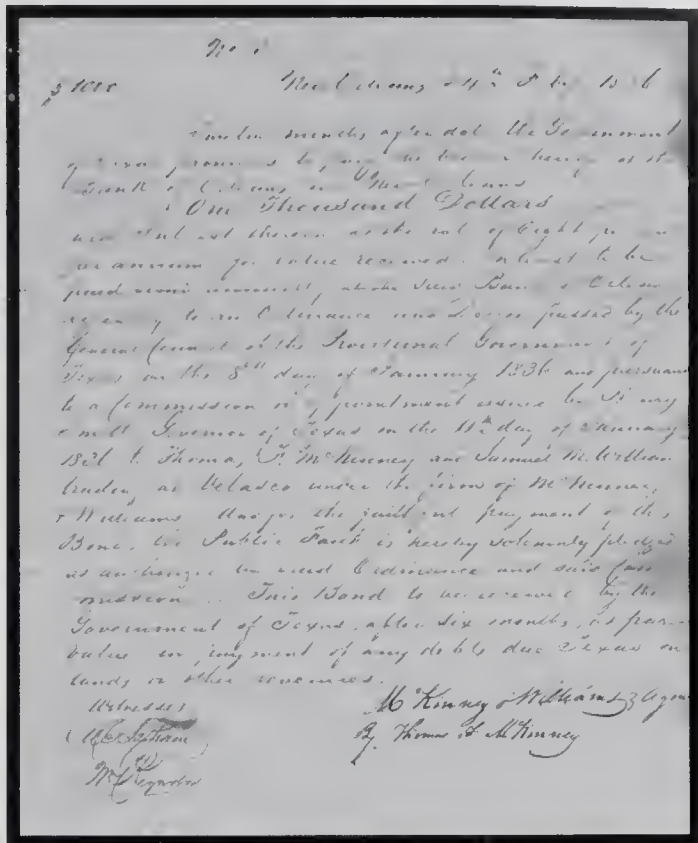

1660 Government of Texas. \$32. (Cr.36A4). **VF-EF**, CC, POC, staining along a right side fold. (\$250-350)

This is a ten percent deposit on a square mile of land (640 acres) or \$320, bearing 8% interest. Note that the bond is signed by three commissioners: Stephen F. Austin, (1793-1836) a great landed magnate and founder of Texas; a leader in the struggle against Mexico and briefly Secretary of State; Branch T. Archer (1790-1856), Texas Congressman, Speaker, Secretary of War; and William H. Wharton (1802-1839), Texas senator, served with his three colleagues in a diplomatic expedition to the United States to secure recognition of Texian independence and to secure material aid for their revolution.

1661 Government of Texas. \$32. (Cr.36A4). **VF-EF**, CC, POC. There is light foxing and signature feathering. (\$200-300)

- 1663 "State" of Texas. Receipt for \$36.50, made on three installments on a grant of one league of land back in December 1, 1831. No.10. Unc, full tab at left. (\$250-500)

Signed by Byrd Lockhart receiving for the money to Gail Borden Jr. for this payment. Note the anachronistic use of the word "state" and the third line of the text, perhaps indicating a premature hope of American annexation. Issued per a treasury order.

Texas was short of money and had taken over the land grant payments to furnish itself with badly needed revenue.

- 1664 Government of Texas. Receipt for \$33.90, Department of the Brazos, payment on an 1831 land grant of one league. Unc. (\$250-350)

This certificate is similar to the preceding, but has "Government" in lieu of "State". It has the same December 14, 1836 date, but is No.56.

- 1662 Provisional Government of Texas. \$1000. 8% loan. (Cr.36P). No.3. VF, aging, folded over page broken off from the front part of the bond. Excessively Rare. [2] (\$500-1000)

This bond was part of the desperate fund raising efforts of the Texans to procure arms and men to deal with the Mexican invasion, which was already underway and gaining important successes. The important mercantile Galveston firm of McKinney and Williams had credits in New Orleans, and these were lent to the hard pressed government. Such loans have been variously estimated at \$25,000 up to \$35,000, including a merchandise account. As noted earlier, this firm was granted various privileges including note issue and the chartering of a bank to compensate it for its trouble and the inability of Texas to pay what it owed. An historic, early Texas document.

End of Mail Bid Only Sale

HOW TO GET THE BEST RESULTS WHEN BIDDING IN A MAIL BID SALE

Bidding in mail bid auctions can sometimes be a real challenge, but mail bid auctions are real opportunities for collectors to acquire items that may be hard to obtain any other way. Experience has taught us ways to minimize frustrations, and maximize results, and we would like to share some of those ideas with you. Here are the questions we are asked most often and some of the suggestions we have made to bidders. We think they will save you time, money and help you win lots you might otherwise miss.

"I can't come to your office to view lots, but I want to know more about a particular lot before I bid on it."

Lots are available at the times and places posted in the front of the catalogue. We often bring lots to conventions, and there is no better way to learn about numismatics or scripophily than to attend a convention, view auction lots, and talk to dealers and collectors. But if you can't be there, here is how we can help you get a better idea of what you are bidding on:

- 1) **Call us, and we will be happy to have one of our experts describe any lot you ask about.**
- 2) **We can arrange to copy most items and we will FAX or mail the copies to you at a nominal charge.**
- 3) **If you have established credit with us we may be able to ship lots to you for direct viewing.**

Please realize that requests for phone assistance, for copies or for shipping lots directly to you **must be arranged well in advance of the closing date of the sale.**

"I have a limited budget and although there are many items I would like to bid on, I am afraid of exceeding my budget."

There is an easy way to solve this problem. It is called a **"limit" bid sheet**. Let's look at an example. Mr. Smith collects Confederate notes and he sees that there are over thirty lots he would like to buy. His budget is \$1,000, but the estimates on the thirty lots he likes add up to well over \$5,000. If he bids on all thirty he might win them all and exceed his budget. To be safe, he bids on only ten, and he wins only one lot for a \$100. Mr. Smith is disappointed because he missed the chance to bid on all thirty lots. **He could have bid safely on all thirty lots and increased his chances of improving his collection by submitting a "limit" bid sheet.** Here is how it works.

Mr. Jones has the same collecting interests as Mr. Smith. He has the same \$1,000 budget. Mr. Jones bids on **all thirty lots** he is interested in. He writes at the bottom of his bid sheet **"Please limit my total bids to \$1,000."** Every time Mr. Jones wins a lot we keep track of his total spending. When the total reaches \$1,000 we will stop applying his bids. We did what he would have done had he been at a live auction. We spent only what he budgeted for.

There is a special advantage to limit bidding in a mail bid sale - the bids can be listed in order of your preference. List the lots you want most first.

"I see that there are two similar lots in the sale. I want only one of them, not both of them."

This problem can be solved with an **"OR"** bid. Let's assume that Lot #101 and Lot #102 are identical. You wish to bid \$200 on either one, but you don't want both. Write the following on your bid sheet and you can accomplish your goal:

"#101 OR #102 at \$200"

If you win Lot #101 we will cancel your bid on #102.

"What if there are three similar lots and I only want one?"

"#101 OR #102 OR #103 at \$200" will work perfectly.

"When I don't win a lot I often seem to lose it by just a few dollars. It almost looks as if someone knows what I am bidding and they bid a little more. What is going on?"

Every auction house has its own way of closing a mail bid sale. Some houses will tell bidders exactly how much the highest bid is at any given moment right up until the end of the sale. We feel this is unfair, because anyone who is able to get through by phone near the end of the sale can top anyone else. If auctions are closed in this manner clients who are "friends of the house" have a distinct advantage and can top other bidders at the end. Those who bid early are at a disadvantage. To eliminate this problem **we don't give out information on what the highest bid is.** We advise bidders to bid exactly as much as they are willing to spend on a lot, and where possible, if they win a lot we reduce their bids to an increment just above the next highest bidder (there are exceptions - please see the Terms of Sale).

We think this method is fair to everyone involved, but it does result in bidders sometimes losing lots by \$1, or \$5 at times. If Mr. Jones bids \$100 on an item and Mr. Smith bids \$101, we have no choice but to award the lot to Mr. Smith for \$101.

"I bid \$30 on a lot that was estimated at \$100 and I didn't get the lot. Later, when I got the Prices Realized the lot was reported as unsold. Why didn't I get the lot?"

The Terms of Sale state that bids less than 50% of the estimate will not be accepted. As auctioneers, we have a responsibility to the consignors as well as the bidders. Any bid that is considered to be less than the "...regular market value..." of the item may be rejected by the auction house. Keep this in mind when making bids below the estimates given.

We hope these questions and answers have been helpful, and if you have any comments, suggestions, or further questions concerning R. M. Smythe auctions, please feel free to call us at 800-622-1880, or 212-943-1880.

- 4) We reserve the right to withdraw any lot prior to sale.

- 7) **All framed items are shipped at the purchaser's risk.**
- 8) SMYTHE reserves the right to **reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.**
- 9) A SMYTHE auction bidder expressly waives any claim or right to any accounting, damages or compensation arising out of SMYTHE'S failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.
- 10) United States coins and currency will not, in conformity with law, be opened at less than face value.
- 11) No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer. "Cut" bids (bids at less than the regular bidding intervals) will be accepted, but they must be no less than half of the regular interval over the previous bid. Each bidder may make only one "cut" bid per lot, and if they are out bid, they may make no further bids on that lot.
- 12) In the case of a tie between a mail bidder on the book and a bidder on the floor, the mail bidder shall take precedence.
- 13) **All bids must be in whole dollar amounts. Percentage increases will be rounded up to the nearest dollar.**
- 14) **Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.**
- 15) No minors may participate in our sales. **Agents bidding on behalf of others will be held liable if their principals fail to make payment.**
- 16) Payment for purchases is to be made by cash, check, money order or bank wire upon receipt of invoice. No lots may be taken away unless paid for in full. A late charge of 1-1/2% per month will be charged on the invoice total if payment is not received **within 10 days** of mailing the invoice. Bidders not known to us are required to deposit 25% of their total bids in advance. Credit cards will not be accepted for auction purchases.
- 17) Title does not pass until payment in full is received. SMYTHE reserves the right to await clearance of any check before making delivery.
- 18) If a collection agency or attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by SMYTHE in procuring judgment shall be borne by the defendant. The signer of a SMYTHE bid sheet or participant in the auction concedes the jurisdiction of the courts of the U.S. in New York City or the New York State courts as SMYTHE alone shall elect. The participant in a SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.
- 19) SMYTHE may reopen the bidding on a lot under the following circumstances: 1) SMYTHE has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the auctioneer.
- 20) In the event of dispute, the auctioneer's decision is final.
- 21) New York State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.
- 22) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.
- 23) In the event of unsuccessful litigation the plaintiff shall pay SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.
- 24) The same protections applicable to SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.
- 25) SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.
- 26) All accounts are payable to SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice.
- 27) **All material in this catalogue is unconditionally guaranteed to be genuine.**
- 28) No lots may be returned by floor bidders except for non-authenticity.
- 29) Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it.
- 30) In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale,) notify SMYTHE of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.
- 31) The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No prospective bidder or prospective buyer shall have recourse as a result of any postponement.
- 32) The placing of a bid shall constitute **full acceptance of the foregoing terms and conditions of sale.**
